this is a collection of readings in moral philosophy intended to provide a clear and definite understanding of ethics chosen for maximum accessibility the 40 selections are organized into three parts challenges to morality moral theories and moral problems the

readings are accompanied by introductions and study questions

excerpt from an introductory study of ethics the study of conduct which is here offered to students and teachers of philosophy was begun with the intention of furnishing simply a plain statement of the existing ethical situation by which i mean an analysis of the moral problem and a definition of the several types of ethical theory but it was found impossible to make a plain statement without adopting a point of view for the definition of the problem and the theories in question and in the search for a satisfactory point of view i have been led to a more or less independent reconstruction of the situation as a whole in a study like ethics where nothing can be uttered which has not been in a measure foreshadowed it is difficult to know how far one has succeeded in really contributing to the discussion yet i hope that the following pages may be found not only useful to students beginning the study but of interest to those already familiar with its problems i hope also that they may appeal to some who are not in the stricter sense students of philosophy without ignoring the necessities of scientific treatment i have endeavoured to avoid some of its narrower limitations and to meet the point of view of the educated man about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

featuring new selections chosen by coeditor lewis vaughn the third edition of louis p pojman s the moral life an introductory reader in ethics and literature brings together an extensive and varied collection of ninety one classical and contemporary readings on ethical theory and practice integrating literature with philosophy in an innovative way the book uses literary works to enliven and make concrete the ethical theory or applied issues addressed in each chapter literary works by camus hawthorne hugo huxley ibsen le guin melville orwell styron tolstoy and many others lead students into such philosophical concepts and issues as relativism utilitarianism virtue ethics the meaning of life freedom and autonomy sex love and marriage animal rights and terrorism once introduced these topics are developed further through readings by philosophers including plato aristotle kant nozick singer and sartre this unique anthology emphasizes the personal dimension of ethics which is often ignored or minimized in ethics texts it also incorporates chapter introductions study questions suggestions for further reading and biographical sketches of the writers the third edition brings the collection up to date adding selections by jane english william frankena don marquis john stuart mill mary midgley thomas nagel judith jarvis thomson and j o urmson it also features a new
