who owns the media and communications in africa today and with what implications the book elegantly answers this urgent question by unpacking multiple dimensions of media ownership through rare and authoritative perspectives including both historical and contemporary digital developments it traces the

evolving forms of ownership of media and communications in specific african contexts showing how they interact with broader changes in and outside the continent the book also shows how big techs such as meta formerly known as facebook are involved in a scramble for africa s digital ecosystem and how their advance brings both opportunities and concerns about ownership and control the chapters analyse evolving forms of ownership and their implications on media concentration and democracy across africa the book offers a nuanced account of how media ownership structures are in some instances captured with an ever growing and complex ecosystem that also has new opportunities for public interest media offering a significant representation of the trends and diversity of existing media systems the book goes beyond the postcolonial geographical divisions of north and sub saharan africa to highlight common patterns and significant similarities and differences of communications ownerships between and within african countries the contributors expose media and communications ownership patterns in africa that are centralised and yet decentralising and in some cases battling resurging and globalising

large catastrophic events or rare acute events may cause situations in which a local jurisdiction s medicines and medical supplies are not sufficient to provide care to the population it serves in these cases of natural or engineered disasters such as a terrorist attack influenza pandemic or earthquake state or local authorities can request that the federal government provide assets from the strategic national stockpile to augment the state and local jurisdictions resources the centers for disease control and prevention s cdc s strategic national stockpile sns is the nation s repository of antibiotics chemical antidotes antitoxins vaccines antiviral drugs and other medical materiel designed to supplement and resupply state and local public health agencies in the event of an emergency the materiel is intended to support national health security and is managed by the office of public health preparedness and response s ophpr s division of strategic national stockpile dsns the stated mission of the sns is to prepare and support partners and provide the right resources at the right time to secure the nation s health the national academies of sciences engineering and medicine organized a two day public workshop to explore opportunities to improve the efficiency effectiveness and sustainable methods used by the cdc s sns to distribute medical countermeasures and other supplies during disasters and other public health emergencies especially those which result in disruption of physical infrastructure such as the electrical grid central roadways bridges and tunnels within the impacted community participants explored relevant distribution lessons learned from other federal agency stockpiles and the private sector as well as opportunities to develop public private collaborations in the purchase warehousing management and distribution of medical countermeasures this report summarizes the presentations and discussions from the workshop

ambassador dr robin renee sanders new book on the rise of africa s small medium size enterprises smes is an insightful examination of the dramatic shift in the development paradigm for sub saharan africa driven in large part by the imaginative innovative and insta impact leadership of the regions small businesses or smes smes have helped drive economic development growth and aided in increasing the size of the continents middle class sanders says with the introduction to the book by renown civil rights leader ambassador andrew young and the foreword by sub saharan africa s leading businessman mr aliko dangote sanders book credits the determination of africa smes and entrepreneurs which includes african nationals immigrants and african americans for stepping into the void left by 40 years of post independence development approaches that had little impact on reducing overall poverty and creating jobs in

the region africa's dynamic entrepreneurial spirit of generation xers and millennials are and have formed smes and social enterprises that today are responsible for conceiving and inventing many of the new apps and answers to address the region's age old poverty issues sanders emphasizes africa smes are not only a key driver for jobs but serve as an additional catalyst to grow the middle class sanders argues that it was the rise of the africa sme converging with technology and its mobility that has changed over the last decade the focus and direction of development in sub saharan africa the book has a few vignettes from sanders diplomatic life and work as ceo of the feeds advocacy initiative with africa smes over the years as well as regional examples of some of innovative things africa entrepreneurs are doing in sectors ranging from agriculture and food security to energy and climate change the book also walks readers through what donors foundations and african stock markets are doing today to help in the sme space sanders ends with recommendations of what more can be done by donors african governments and the new u s administration to further assist africa smes particularly the group she calls the critical mass and those at the fragile end of africa's middle class
