the courageous robert spencer busts myths and tells truths about jihadists that no one else will tell michelle malkin while many choose to simply blame the west for provoking terrorists robert spencer s new book the politically incorrect guide to islam and the crusades reveals why it is time to ignore political correctness and identify the enemy if we hope to ever defeat them in a fast paced politically incorrect tour of islamic teachings and crusades history spencer reveals the roots of islamic violence and hatred spencer refutes the myths popularized by left wing academics and islamic apologists who justify their political agendas with contrived historical facts exposing myth after myth the politically incorrect guide to islam and the crusades tackles islam s institutionalized mistreatment of non muslims the stifling effect islam has on science and free inquiry the ghastly lure of islam s x rated paradise for suicide bombers and jihad terrorists the brutal islamic conquests of the christian lands of the middle east and north africa and more in the politically incorrect guide to islam and the crusades you will learn how muhammad did not teach peace and tolerance instead he led armies and ordered the assassination of his enemies why american muslim groups and left wing academics are engaged in a huge cover up of islamic doctrine and history how today s jihad terrorists following the qur an s command to make war on jews and christians have the same motives and goals as the muslims who fought the crusaders why the crusades were not acts of unprovoked aggression by europe against the islamic world but a delayed response to centuries of muslim aggression what must be done today from reading the qur an to reclassifying muslim organizations in order to defeat jihad terrorists

nowadays the religion of islam which is still relatively unknown in the west is forcefully brought to the public s attention by the acts and threats of the islamic terrorists as a result the question is repeatedly asked what kind of religion is this the aim of this book is to argue that today traditional christianity has nothing to fear from traditional islam in spite of appearances the two ancient religions are really allies they have common enemies and they are united in their opposition to all kinds of modern errors and immoralities including materialism and secularism

consequently a true notion of islam and indeed of every complete and uncorrupted religion is what the present book taken in its entirety is all about in surveying islam stoddart provides a wealth of relevant background information and an illuminating treatise on traditional art highlighting the often neglected role of art and beauty in spirituality the text is accompanied by a map and seven colour illustrations
