more than 140 years ago mark twain observed that the civil war had uprooted institutions that were centuries old changed the politics of a people transformed the social life of half the country and wrought so profoundly upon the entire national character that the influence cannot be measured short of two or three generations in fact five generations have passed and americans are still trying to measure the influence of the immense fratricidal conflict that nearly tore the nation apart in the war that forged a nation pulitzer prize winning historian james m mcpherson considers why the civil war remains so deeply embedded in our national psyche and identity the drama and tragedy of the war from its scope and size an estimated death toll of 750 000 far more than the rest of the country s wars combined to the nearly mythical individuals involved abraham lincoln robert e lee stonewall jackson help explain why the civil war remains a topic of interest but the legacy of the war extends far beyond historical interest or scholarly attention here mcpherson draws upon his work over the past fifty years to illuminate the war s continuing resonance across many dimensions of american life touching upon themes that include the war s causes and consequences the naval war slavery and its abolition and lincoln as commander in chief mcpherson ultimately proves the impossibility of understanding the issues of our own time unless we first understand their roots in the era of the civil war from racial inequality and conflict between the north and south to questions of state sovereignty or the role of government in social change these issues mcpherson shows are as salient and controversial today as they were in the 1860s thoughtful provocative and authoritative the war that forged a nation looks anew at the reasons america s civil war has remained a subject of intense interest for the past century and a half and affirms the enduring relevance of the conflict for america

today

steven l dundas tells the epic story of how religion and racial ideology influenced slavery emancipation reconstruction jim crow and today s struggles for civil rights
