about this book [?] [?] this book is a part of the Korean Made Easy series, a bestseller in self-study Korean language books. This volume helps beginner and intermediate students learn Korean through examples of real-life situations. Part 1 deals with 50 expressions which are very often used in everyday situations, and readers may even practice conversational skills with these expressions. Part 2 introduces 24 conversational examples visitors are likely to experience in Korea, along with vocabulary, pronunciation, grammar, and cultural content that are useful in real-life situations. Developing conversational skills by practicing real-life situations, the book allows beginning to intermediate students (A2-B1) who have knowledge of Hangeul, tense, and basic elements to learn practical conversational Korean. The grammar rehearsal and conversation rehearsal parts provide practice for vocabulary and grammar, ultimately resulting in increased communication skills. Conversations are provided in both slow pace and regular pace for enhanced listening skills. Part 2 offers two versions of conversations: once slow and then at regular speed, so students may

media and everyday life offers an accessible overview for students of media communication and cultural studies looking to explore how modern day media practices impact on the experience of everyday life making this the essential companion to introductory media studies courses this innovative introduction to media studies challenges conventional accounts of what media do to people focusing instead on what people do with media in the course of everyday life by rejecting the conventional media studies approach the book provides a fresh way of thinking about media cultures and provokes thought into how media influences daily social norms each chapter offers a broad discussion of various facets of media such as technology social media and industries key trends and traditions are also considered helping to define how media has become so entwined in the everyday experience this second edition has been thoroughly updated to incorporate all the recent developments in media including new social media platforms new technologies like wearables and smart speakers and the spread of algorithms into so much of the media we encounter every day the second edition also takes stock of the environmental impact of digital media and its hidden infrastructures as well our engagement with social issues and movements from black lives matter to extinction rebellion
