this study offers students of religion and philosophy introductory chapters concerning the concept of natural religion it holds that we can't engage in useful discussion about the present concept of religion without a knowledge of the philosophical history that has shaped that concept this is discussed with reference to the notion of natural religion to illustrate certain aspects of deism and its legacy originally published in 1989

nasr argues that the current ecological crisis has been exacerbated by the reductionist view of nature that has been advanced by modern secular science what is needed he believes is the recovery of the belief that nature is sacred

how do people sense god's presence in created things seeing god everywhere is an anthology of essays on nature and the sacred which address that question written by an impressive list of spiritual leaders and thinkers these essays explore the question from many different perspectives reading these essays enriches our inner lives and enlivens our contemplative imaginations surely this is the deepest ecology possible as a special bonus at the end of each essay is a short poem on nature and the sacred taken from various traditions

the encyclopedia of religion and nature originally published in 2005 is a landmark work in the burgeoning field of religion and nature it covers a vast and interdisciplinary range of material from thinkers to religious traditions and beyond with clarity and style widely praised by reviewers and the recipient of two reference work awards since its publication see religionandnature.com/ern this new more affordable version is a must have book for anyone interested in the manifold and fascinating links between religion and nature in all their many senses

a foundational resource for readers investigating religiously motivated environmentalism this book provides both a global overview of the subject and a detailed discussion of key figures concepts organizations events and documents beginning in the late 1960s a growing number of activists scholars and scientists asserted that traditional religions had been major contributors to the environmental crisis in response theologians religious organizations and religiously motivated activists became increasingly involved in environmental issues at the same time emerging nature based belief systems emphasized values and lifestyles based in environmentalism more recently religiously motivated environmentalism has become a powerful force in shaping environmental policy and human action globally and has joined with secular environmentalism to address related issues this book explores the background and current state of religious environmentalism the book begins with an overview essay examining the history and context of religious environmentalism and its significance today a chronology then profiles the most important events related to religious

environmentalism a section of more than 50 alphabetically arranged reference entries follows with each entry providing objective information about people places events movements works and other topics the entries include cross references and suggestions for further reading and the book closes with a selected annotated bibliography of major works

dialogues concerning natural religion is a philosophical work written by the scottish philosopher david hume through dialogue three fictional characters named dema philo and cleantes debate the nature of god s existence while all three agree that a god exists they differ sharply in opinion on god s nature or attributes and how or if humankind can come to knowledge of a deity in the dialogues hume s characters debate a number of arguments for the existence of god and arguments whose proponents believe through which we may come to know the nature of god such topics debated include the argument from design for which hume uses a house and whether there is more suffering or good in the world argument from evil

in this innovative and deeply felt work bron taylor examines the evolution of green religions in north america and beyond spiritual practices that hold nature as sacred and have in many cases replaced traditional religions tracing a wide range of groups radical environmental activists lifestyle focused bioregionalists surfers new agers involved in ecopsychology and groups that hold scientific narratives as sacred taylor addresses a central theoretical question how can environmentally oriented spiritually motivated individuals and movements be understood as religious when many of them reject religious and supernatural worldviews the dark of the title further expands this idea by emphasizing the depth of believers passion and also suggesting a potential shadow side besides uplifting and inspiring such religion might mislead deceive or in some cases precipitate violence this book provides a fascinating global tour of the green religious phenomenon enabling readers to evaluate its worldwide emergence and to assess its role in a critically important religious revolution

in the wake of both the semiotic and the psychoanalytic revolutions how is it possible to describe the object of religious worship in realist terms semioticians argue that each object is known only insofar as it gives birth to a series of signs and interpretants new signs from the psychoanalytic side religious beliefs are seen to belong to transference energies and projections that contaminate the religious object with all too human complexes in nature s religion distinguished theologian and philosopher robert s corrington weaves together the concept of infinite semiosis with that of the transference to show that the self does have access to something in nature that is intrinsically religious corrington argues that signs and our various transference fields can and do connect us with fully natural religious powers that are not of our own

making thereby opening up a path past the western monotheisms to a capacious religion of nature with a foreword by robert c neville nature s religion is essential reading for philosophers of religion scholars of the psychology of religion and theologians
