by 2008 total fair trade purchases in the developed world reached nearly 3 billion a five fold increase in four years consumers pay a fair price for fair trade items which are meant to generate greater earnings for family farmers cover the costs of production and support socially just and

environmentally sound practices yet constrained by existing markets and the entities that dominate them fair trade often delivers material improvements for producers that are much more modest than the profound social transformations the movement claims to support there has been scant real world assessment of fair trade s effectiveness drawing upon fine grained anthropological studies of a variety of regions and commodity systems including darjeeling tea coffee crafts and cut flowers the chapters in fair trade and social justice represent the first works to use ethnographic case studies to assess whether the fair trade movement is actually achieving its goals contributors julia smith mark moberg catherine ziegler sarah besky sarah m lyon catherine s dolan patrick c wilson faidra papavasiliou molly doane kathy m closkey jane henrici

west looks at the process from which coffee is grown gathered sorted shipped and served from the highlands of papua new guinea to coffee shops in far away places she shows how coffee becomes a commodity the different forms of labor involved and the way that coffee shapes the lives and understandings of those who grow process export sell and consume coffee

comprising eight case studies from around the world this volume investigates the social political and ethical implications of markets through the specific lens of prices drawing on the most recent scholarship in economic anthropology it represents the first systematic attempt to address ethnographically the ancient debate on the just price

across the globe people are challenging the agro industrial food system and its exploitation of people and resources reduction of local food varieties and negative health consequences in this collection leading international anthropologists explore food activism across the globe to show how people speak to negotiate or cope with power through food who are the actors of food activism and what forms of agency do they enact what kinds of economy exchanges and market relations do they practice and promote how are they organized and what are their scales of political action and power relations each chapter explores why and how people choose food as a means of forging social and economic justice covering diverse forms of food activism from individual acts by consumers or producers to organized social groups or movements the case studies embrace a wide geographical spectrum including cuba sri lanka egypt mexico italy canada france colombia japan and the usa this is the first book to examine food activism in diverse local national and transnational settings making it essential reading for students and scholars in anthropology and other fields interested in food economy politics and social change

the americas and oceania assessing sustainability provides extensive coverage of sustainability practices in two regions linked culturally and historically by their relative isolation before the columbian exchange by their colonization after it and by the challenges of pollution resource overuse and environmental degradation regional experts and international scholars focus on environmental history in areas such as the south pacific islands now particularly threatened by rising ocean levels due to climate change and on countries whose governments and corporations

can play a major role in promoting or discouraging sustainable choices brazil an emergent power on the world stage the united states the world s third most populous nation and new zealand seemingly on its way to becoming an enviable model of sustainable development

stamped on products from coffee to handicrafts the term fair trade has quickly become one of today s most seductive consumer buzzwords purportedly created through fair labor practices or in ways that are environmentally sustainable fair trade products give buyers peace of mind in knowing that in theory how they shop can help make the world a better place buying into fair trade turns the spotlight onto this growing trend exploring how fair trade shoppers think about their own altruism within an increasingly global economy using over 100 interviews with fair trade consumers national leaders of the movement coffee farmers and artisans author keith brown describes both the strategies that consumers use to confront the moral contradictions involved in trying to shop ethically and the ways shopkeepers and suppliers reconcile their need to do good with the ever present need to turn a profit brown also provides a how to chapter that outlines strategies readers can use to appear altruistic highlighting the ways that socially responsible markets have been detached from issues of morality a fascinating account of how consumers first learn about understand and sometimes ignore the ethical implications of shopping buying into fair trade sheds new light on the potential for the fair trade market to reshape the world into a more socially just place keith brown is assistant professor of sociology at saint joseph s university in philadelphia pennsylvania

global criminology and criminal justice brings together 22 articles that constitute some of the most important recent literature in the field

the aim of this encyclopaedia is to highlight the living style of more than 350 million people of 47 countries of middle east and central asian countries who have been residing in these areas both past and present and the factors that have caused the culture to change over time and place this monumental work presents an ethnographical analysis of 227 ethnic communities written by eminent scholars which deals with the physical historical social political economic religious and cultural life summaries of each entry usually provide information on the following aspects physical features history of origin and development social life marriage and family political organisation social conflict and control economic and commercial activities religion and culture and bibliography for further studies

the progress that ethnographies have been making in educational evaluation and how ethnography has adapted to the educational sphere is analysed in this book a diverse selection of case studies illustrates the intricacies of the issues and concerns involved in this process of adaptation the book is divided into three sections the first presents an overview of the state of the art and a discussion of ethnographic techniques in evaluation research a series of illustrative case studies of ethnographic evaluation are explored and examined in the second section the case

studies include national studies as well as local and international level studies the final section addresses theoretical and ethical dilemmas in ethnographic evaluation from publisher s description

this volume sets out practical ways activists can map the social relations of struggle they are engaged in and produce knowledge for more effective forms of activism for changing the world

an extraordinarily rich provocative and engaging conversation one that invites in fact demands our participation don brenneis university of california santa cruz

lively account of how people power has shaped british history from peterloo to the poll tax and beyond
