S. Baring Gould's book, *A Book of the Riviera*, offers readers a captivating exploration of the picturesque coastal region of the French Riviera, known for its vivid descriptions and meticulous attention to detail. The book takes readers on a literary journey through the stunning landscapes, charming villages, and rich history of this iconic destination. Baring Gould's prose is elegant and engaging, appealing to those with a love for travel literature and a desire to immerse themselves in the beauty of the Riviera. Set against the backdrop of the late 19th century, the book captures a moment in time when the region was a magnet for artists, writers, and intellectuals seeking inspiration and relaxation. A prominent Victorian-era author and clergyman, S. Baring Gould's deep connection to the landscapes and cultures of Europe shines through. In *A Book of the Riviera*, his keen observational skills and passion for storytelling make him the perfect guide for readers looking to uncover the hidden gems of this enchanting region. Baring Gould's intimate knowledge of the Riviera's history and landmarks adds depth and authenticity to the book, making it a valuable resource for both armchair travelers and seasoned explorers. With its lyrical prose and insightful commentary, *A Book of the Riviera* is a must-read for anyone interested in the beauty, history, and culture of this iconic region. Baring Gould's vivid descriptions and engaging storytelling will transport you to the sun-drenched shores of the French Riviera, where the past and present merge in a kaleidoscope of colors and textures.

A detailed guide to every aspect of Genoa: history, culture, foods, restaurants, hotels, sightseeing, things to do. Written by an author who knows the place intimately. Two marble-carved lions crouch flanking the stairs leading to the entrance of Genoa's monumental cathedral of San Lorenzo. Their proud features are marred by graffiti, cartoonish scribbles rendering their expression more pathetic than fierce. They're an apt metaphor for the city of Genoa itself, which

can be a challenging one for tourists during two millennia of tumultuous history genoa has seen its fortunes rise and fall at its pinnacle the city center of the genoese republic had unparalleled wealth and economic and political power french historiographer fernand braudel wrote of the city if ever a diabolically capitalist city can be said to have existed before the capitalist age in europe and the world then it is genoa opulent and sordid at the same time from these heights genoa would plunge over successive centuries losing hegemony then autonomy and finally prosperity today it is a city in the grip of evolution there is much that is decrepit and shabby but there are also the heralds of a renaissance both economic and cultural the lion that is genoa may be blemished and humbled but there is every evidence that with attention and caretaking it is regaining if not its former brilliant grandeur at least its dignity and relevance on the world stage perhaps that is why genoa is particularly poignant and important for travelers who hope to leave liguria with a greater understanding of the region both what it was and what it is becoming it is impossible to leave genoa unimpressed and without an opinion genoa is and has been for millennia a port town and the nature of a port is to facilitate trade via access to both sea and land routes the geography of liguria is characterized by mountains that plunge steeply into the sea and that are criss crossed by deep valleys genoa which sits at the near middle of liguria's great land crescent is not only at the epicenter of what from above appears as one giant harbor it is also at the crossroads of land routes that made use of these deep valleys to cut across the apennines to northern italy and the rest of europe this guide is drawn from our adventure guide to the italian riviera but with added pictures of the hotels restaurants and other features

the french riviera conjures up images of yachts on an azure blue sea the dark green of pines and swaying palms sports cars on the corniche roads the monte carlo casino and the cannes film festival but as julian hale reveals in this fascinating volume there is another riviera above monacotowers a ruined reminder of roman power the emperor augustus trophy of the alps monuments to napoleon and maginot line forts testify to turbulent times while statues and gravestones recall the belle epoque churches and chapels along the coast and in the inland villages contain pictorial and architectural treasures from the brea family during the renaissance to picasso and matisse in the twentieth century if the riviera has had its critics somerset maugham famously called it a sunny place for shady people it remains the epitome of glamour julian hale reveals how a piece of rugged inaccessible coastline was transformed into a byword for luxury and hedonism but always with a special beauty of its own

queen victoria fell in love with the riviera when she discovered it on her first visit to menton in 1882 and her enchantment with this paradise of nature endured for almost twenty years victoria's visits helped to transform the french riviera by paving the way for other european royalty the aristocracy and the very rich who were to turn it into their pleasure garden michael nelson paints a fascinating portrait of victoria and her dealings with local people of all classes

statesmen and the constant stream of visiting crown heads in the process we see an unexpected side to victoria not the imperious petulant mourning widow but rather an exuberant girlish old lady thrilled by her surroundings queen victoria and the discovery of the riviera is an absorbing and revealing account that makes an important contribution to both our understanding of victoria s character and personality and our view of the late victorian period
