the european union and culture explains why and how the european union has started to intervene in the cultural policy sector understood here as the public policies aimed at supporting and regulating the arts and cultural industries it is the first comprehensive and theoretically informed account of the communitarisation process of the cultural policy sector before 1992 no legal basis for eu intervention in the field of culture appeared in the treaties member states were in any case reluctant to share their competences in a policy sector considered to be an area of national sovereignty in such circumstances how was the communitarisation of the policy sector ever possible who were the policy actors that played a role in this process what were their motives and why were certain actors more influential than others this book will be of great use to all researchers and students of european integration and european public policy

it has become increasingly evident that effective planning for sustainable communities environments and economies pivots on the ability of planners to see the possibilities for culture in comprehensive social historical and environmental terms and to more fully engage with the cultural practices processes and theorisation that comprise a social formation more broadly an approach to planning theory and practice that is itself formed through a close engagement with culture is required this research companion brings together leading experts from around the world to map the contours of the relationship between planning and culture and to present these inextricably linked concepts and issues together in one place by examining significant trends in varying national and international contexts the contributors scrutinise the theories and practices of both planning and culture and explore not only their interface but significant divergences and tensions in doing so this collection provides the first comprehensive overview and analysis of planning and culture interdisciplinary and international in scope it is comprised of six parts organised around the themes of global and historical contexts key dimensions of planning and cultural theory and practice and cultural and planning dynamics each section includes a final chapter that provides a case study lens which pulls the themes of the section together with reference to a significant planning issue or initiative
