answers to some of the most commonly asked questions about the deaf community its culture and the deaf reality

the impetus for this volume is the growing awareness within the mental health and larger community of a culturally affirmative model for

understanding and assisting deaf people in contrast to the medical pathological model which treats deafness as a disability the cultural model guides us to view deaf persons in relation to the deaf community a group of people with a common language culture and collective identity a primary tenant of culturally affirmative psychotherapy is to understand and respect such differences not to eradicate them the contributors to this volume present a practical and realistic model of providing culturally affirmative counseling and psychotherapy for deaf people the three dimensions of this model have been delineated by the multicultural counseling literature these dimensions assert that culturally affirmative psychotherapy with deaf persons requires therapist self awareness knowledge of the deaf community culture and understanding of culturally syntonetic therapeutic interventions the first to exhaustively delineate the implications of the cultural model of deafness for counseling deaf people this book is essential reading for anyone who works in an educational or counseling capacity with the deaf this audience includes not only psychotherapists but also vocational guidance and residence counselors teachers independent living skills specialists interpreters and administrators of programs for the deaf

in a handy question and answer format for hearing people only addresses some of the most commonly asked questions about deaf people their community and their language the 4th edition has been expanded into two volumes containing more content than ever the for hearing people only 4th edition is almost double the size as the previous edition that means more questions more answers and more content it has been expanded into two volumes and reflects changes in technology and telecommunications concise easy to read and designed for those with no prior background for hearing people only makes a formidably complex subject accessible each chapter can be read as an independent unit this is the first book of its kind written especially for laypeople who are curious about deaf people and would like to separate truth from stereotype fact from misconception reality from myth for hearing people only makes a good introductory or supplemental text for deaf studies or signing and interpreter students harris communications website harriscomm.com for hearing people only 4th edition html accessed 06 29 2016

this volume presents a state of the art account of the clinical specialty of mental health care of deaf people drawing upon some of the leading clinicians teachers administrators and researchers in this field from the united states and great britain it addresses critical issues from this specialty such as deaf hearing cross cultural dynamics as they impact treatment organizations clinical and interpreting work with deaf persons with widely varying language abilities adaptations of best practices in inpatient residential trauma and substance abuse treatment for deaf persons overcoming administrative barriers to establishing statewide continua of care university training of clinical specialists the interplay of clinical and forensic responses to deaf people who commit crimes an agenda of priorities for deaf mental health research each chapter contains numerous clinical case studies and places a heavy emphasis on providing practical intervention strategies in an interesting easy to read style all mental health professionals

who work with deaf individuals will find this to be an invaluable resource for creating and maintaining culturally affirmative treatment with this population

this is a unified collection of the best and most current empirical studies of socio linguistic issues in the deaf community including topics such as studies of sign language variation language contact and change and sign language policy established linguistic concerns with deaf language are reexamined and redefined and several new issues of general importance to all sociolinguists are raised and explored this is a book which interests all sociolinguists as well as deaf professionals teachers of the deaf sign language interpreters and anyone else dealing on a day to day basis with the everyday language choices that deaf persons must make this is a unified collection of the best and most current empirical studies of sociolinguistic issues in the deaf community including topics such as studies of sign language variation language contact and change sign language policy language attitudes sign language discourse analysis

the book is a unique collection of research on sign languages that have emerged in rural communities with a high incidence of often hereditary deafness these sign languages represent the latest addition to the comparative investigation of languages in the gestural modality and the book is the first compilation of a substantial number of different village sign languages written by leading experts in the field the volume uniquely combines anthropological and linguistic insights looking at both the social dynamics and the linguistic structures in these village communities the book includes primary data from eleven different signing communities across the world including results from jamaica india turkey thailand and bali all known village sign languages are endangered usually because of pressure from larger urban sign languages and some have died out already ironically it is often the success of the larger sign language communities in urban centres their recognition and subsequent spread which leads to the endangerment of these small minority sign languages the book addresses this specific type of language endangerment documentation strategies and other ethical issues pertaining to these sign languages on the basis of first hand experiences by deaf fieldworkers

practical strategies a real world emphasis and a focus on critical thinking characterizes this rhetoric reader research guide and handbook
