beyond the civil war hospital understands reconstruction as a period of emotional turmoil that precipitated a struggle for form in cultural production by treating selected texts from that era as multifaceted contributions to reconstruction s mental adaptation process leslie butler kirsten twelbeck diagnoses individual conflicts between the heart and the brain only partly compensated for by a shared concern for national healing by tracing each text s unique adaptation of the healing trope she identifies surprising disagreement over racial equality women s rights and citizenship the book pairs female and male white authors from the antislavery north and brings together a broad range of genres

this is the first comprehensive practical handbook on the topic of environmental social governance esg and its impact on the real estate industry the sustainability megatrend is still in its early stages in the real estate sector and there is a lack of standards practical examples and data the development is very dynamic and sometimes confusing and new complex requirements and regulations are constantly being added the authors an expert team of economists lawyers investors asset managers and engineers provide an overview of national and european regulatory requirements as well as current market developments they show what role esg plays not only in the areas of new construction renovation and real estate management but also in investment processes and real estate valuations contents esg and the real estate market esg and regulatory environment esg and real estate management esg in urban and project development

modern media tools make it possible for anyone to publish in print video or on the this book is an inspirational how to do it with history do in a day projects interviews with young creators all designed to empower young artists

the anthology decapitation and sacrifice is the result of an interdisciplinary project on the phenomenon of the decapitated head of saint john the baptist in its exegetical context in the material culture of the middle ages and the renaissance and finally in more recent approaches regarding medium studies several specialists and scholars from these fields were invited to share their most recent conclusions thus contributing to our understanding of one of the most peculiar events artifacts and phenomena in west the rise and fall of a male head as subject of martyrdom devotion and artistic expression what emerges from these collected essays is a nuanced understanding of the beheading and presentation of saint john we begin with the biblical account already finding multiple layers of exegetical meaning with a focus on john as a christ figure as the narrative is adapted into other textual and visual forms its symbolism is transformed deepened or extended in new ways relating to medieval and early modern spirituality morality performance and representation what john s disembodied head symbolically embodies shifts as we move from one medium to another and from one geographic region to another and within those broader categories meaningful distinctions can be made between differences in details such as the presence or absence of a platter the use of specific terminology the contents of inscriptions the characterization of herodias and her daughter specifics of stage directions even the parting of john s beard and the portrayal of his eyes as open or closed or half closed to name but a few the close analysis of these and other details that the contributors to this volume provide tell us both about the symbolic potential of john s beheading and about how the textual and visual objects studied here functioned in medieval and early modern communities

historians philosophers sociologists and biologists explore the history of the idea that embryological development and evolution

are linked

relations between the united states and south africa or the parts of the world these nations now occupy go nearly as far back as the very beginning of their inception as permanent european colonial intrusions this book is a critical overview of these relations from the late seventeenth century to the present unprecedented in its scope and supported by substantive and detailed notes together with an extensive bibliography chronology glossary and appendices the book distinguishes itself from extant works in a number of other ways set against the backdrop of a wider interdisciplinary exploration of both ideational and structural issues of historical context it not only gives attention to the importance of contributions from nonofficial actors in shaping official relations but also considers the impact of the geo political location of south africa within southern africa where the presence of other nations particularly angola mozambique namibia and zimbabwe looms large methodologically written from the perspectives of both traditional narrative history and khaldunian interpretive historical analysis the book consequently sits at the interdisciplinary interstice of political economy and sociology where the aim is to advance our understanding of the braudelian interconnectedness of world history as an important diachronic determinant of the diplomacy of foreign relations written for both scholars and policy analysts this book s examination of the agency of the marginalized should also be of interest to activists and the reading public
