poetry visual poetry a selection from over 40 years of bennett s work introduced by ivan argüelles where to begin writing about this baffling and certainly most avant garde of all poets living and working in the usa today bennett s reputation is international and his interest in mesoamerican culture has drawn him frequently to that part of the world where he is a recognized figure his experimentations over the years have encompassed multiple techniques including visual poetry and his own polyglottery moving in and out of english spanish portuguese french or some mesoamerican language what may seem aleatory is in fact more intentional and grounded than is first apparent bennett has roots in traditional literatures those of siglo de oro spain and of elizabethan england but he is capable of transducing those literatures metamorphosing them by way of the avant garde movements of the 20th century into something utterly innovative and new such as few contemporary artists have done

selected books on cricket part 1 cricket cricket in indian mythology by horace g hutchinson and ravi chaturvedi this selection of books on cricket offers diverse perspectives on the sport cricket by horace g hutchinson provides an authoritative and comprehensive guide to the game covering its history rules techniques and tactics it may also delve into the development of cricket as a popular sport and its significance in different cultures on the other hand cricket in indian mythology by ravi chaturvedi explores the intriguing connection between cricket and indian mythology likely uncovering references stories or symbolism related to cricket in ancient indian texts and folklore both books contribute unique insights into the world of cricket appealing to cricket enthusiasts and scholars interested in its global and cultural dimensions key aspects of the book selected books on cricket part 1 cricket cricket in indian mythology 1 comprehensive guide to cricket cricket offers a thorough

overview of the sport catering to players fans and anyone curious about the intricacies of cricket 2 exploring cricket s cultural roots cricket in indian mythology investigates the connections between cricket and indian mythology potentially uncovering fascinating aspects of the sport s cultural significance 3 multiple perspectives the combination of these books provides a well rounded understanding of cricket blending practical knowledge with cultural and historical insights horace g hutchinson was a british golf and cricket player as well as a prolific author he was known for his expertise in both sports and his contributions to sports literature as for ravi chaturvedi there is limited information available in the context of this book however it is likely that he is a cricket enthusiast scholar or writer with a particular interest in exploring the connections between cricket and indian mythology both authors works contribute to the rich body of literature surrounding cricket and its cultural dimensions

autodesk revit architecture essentials 2013 is a learning resource that features concise straightforward explanations and real world hands on exercises and tutorials to teach new users the software s core features and functions

arranged marriage the politics of tradition resistance and change shows how

arranged marriage practices have been undergoing transformation as a result of global and other processes such as the revolution of digital technology democratization of transnational mobility or shifting significance of patriarchal power structures the ethnographically informed chapters not only highlight how the gendered and intergenerational politics of agency autonomy choice consent and intimacy work in the contexts of partner choice and management of marriage but also point out that arranged marriages are increasingly varied and they can be reshaped reinvented and reinterpreted flexibly in response to individual family religious class ethnic and other desires needs and constraints the authors convincingly demonstrate that a nuanced investigation of the reasons complex dynamics and consequences of arranged marriages offers a refreshing analytical lens that can significantly contribute to a deeper understanding of other phenomena such as globalization modernization and international migration as well as patriarchal value regimes intergenerational power imbalances and gendered subordination and vulnerability of women

the comprehensive tutorial resource cover

on the other side s of 150 explores the different literary historical and cultural legacies of canada s sesquicentennial celebrations it asks vital questions about the ways that histories and stories have been suppressed and invites consideration about what happens once a commemorative moment has passed like a cubist painting this modality offers a critical strategy by which also to approach the volume as dismantling reassembling and re enacting existing commemorative tropes as offering multiple conditional and contingent viewpoints that unfold over time and as generating a broader although far from being comprehensive range of counter memorial performances the chapters in this volume are thus provisional interconnected and adaptive they offer critical assemblages by which to approach commemorative narratives or showcase lacunae therein by which to return to and intervene in ongoing readings of the past from the present moment and by which not necessarily to resolve but rather to understand the troubled and troubling narratives of the present moment contributors propose that these preoccupations are not a means of turning away from present concerns but rather a means of grappling with how the past informs or is shaped to inform them and how such concerns are defined by immediate social contexts and networks

master s thesis from the year 2017 in the subject business economics business management corporate governance grade 1 85 university of applied sciences osnabrück language english abstract this thesis analyzes the effects of agility on the success of change management the goal is to answer the question whether and how the use of agile methods can be beneficial in this field by analyzing the impact of exemplary methods on distinct success

factors of change management agility is on trend agile organizations will have a growing need for agile change frameworks in the future therefore the discipline of change management could benefit from influences and inspirations from agile project management methods which have gained popularity in recent years the examples for agile methods chosen for analysis in this thesis are scrum and design thinking scrum is the method used most in software industry where the trend for agile project management has its roots in contrast design thinking stems from the area of innovation it is also described as the exact opposite of project management as we know it the two methods share many similarities like their focus on collaboration and an iterative process but they approach projects in different ways
