this edited volume has taken us a step forward in advancing our understanding of global cities and their immediate functional and spatial regions in contemporary globalization i would recommend it to both geographers and urban theorists and as a course text for those who are interested in globalization and world cities progress in human geography this comprehensive collection hits some important academic and policy targets in very timely fashion this is a book that will surely be a useful reference point for both students and researchers alike international planning studies for those new to the debate over the nexus of global urban relations this volume is a useful introduction to a number of the key issues and concerns of this approach although familiarity with the global city framework would contextualize some of the discussion for those more familiar with the extant literature this collection has enough that is new to encourage reflection international affairs i strongly recommend this book it begins to provide us with a way to think across traditionally urban and regional scales of analysis and dialogue that alone is a welcome addition to the now massive if often fragmented literature on globalization and its manifold consequences regional studies well edited and multi faceted regional studiethere are now more than three hundred city regions around the world with populations of more than one million as globalization intensifies these city regions come to pose many new questions and problems this book presents a highly original and multifaceted review of these issues by some of the leading researchers in the field

this book contains fifty selections from classic writings by authors such as john friedmann michael peter smith saskia sassen peter taylor manuel castells and anthony king as well as major contributions by other international scholars of global city formation

this guide includes chapter notes key terms 8 10 review questions and 10 15 activities per chapter and references to the website throughout

the tools you need for success geo tutor geo tutor helps to develop basic geographic skills and aids in the exploration of political cultural economic and physical geography of the world you can use the highly interactive cd rom to draw thematic maps use check up questions to assess understanding and use the glossary to hear difficult to pronounce words geo tutor also contains a full digital reference atlas of the world companion website prenhall com knox the text specific website includes multiple choice questions quantitative exercises critical thinking exercises and destinations most often students receive immediate feedback which they can e mail directly to their instructors are you interested in managing your course online go to prenhall com demo to learn more about course management options at prentice hal

frameworks for market strategy helps students understand how to develop and implement a market strategy and how to manage the marketing process marketing activity is the source of insight on the market customers and competitors and lies at the core of leading and managing a business to understand how marketing fits into the broader challenge of managing a business capon and go address marketing management both at the business and functional levels the book moves beyond merely presenting established procedures processes and practices and includes new material based on cutting edge research to ensure students develop strong critical thinking and problem solving skills for success in this european edition capon and go have retained the strong framework of the book but have updated the cases examples and discussions to increase the book s relevance for students outside the usa key features include a strong strategic focus teaching students how to analyze markets customers and competitors to plan execute and evaluate a winning market strategy practical examples from a range of contexts allowing students to develop the skills necessary to work in for profit public or non profit firms emphasis on understanding the importance of working across organizational boundaries to align firm capabilities full chapters devoted to key topics including brand management digital marketing marketing metrics and ethical as well as social responsibilities focus on globalization with a chapter on regional and international marketing multiple choice discussion and essay questions at the end of each chapter offering an online instructor s manual and a host of useful pedagogy including videos learning outcomes opening cases key ideas exercises discussion questions a glossary and more this book will provide a solid foundation in marketing management both for those who will work in marketing departments and those who will become senior executives

this volume provides a unique open inter disciplinary dialogue across the humanities and social sciences to further our understanding of the phenomenon of regions and regionalism in a globalized world both at the theoretical and empirical levels

what comprises a region what are the different regional dynamic processes that take place what is the relationship between the regional and the global what role does identity building play bringing together scholars from various disciplines within and across the social sciences and the humanities to reflect on these questions the book explores how regions are imagined constructed understood and explained in different academic disciplines each chapter addresses these common questions and uses its own disciplinary lenses to answer them in addition the volume offers interesting reflections on the academic borders constructed in the study of regions thus demonstrating the importance of obtaining insights from both social scientists and humanities scholars in order to better understand the relevance of regions in a complex and globalized world an important work for scholars and postgraduate students in many fields including political science international relations sociology economics geography history and literature as well as for those interested in regionalism and area studies
