is the world an illusion is our universe a hologram this is a magical world all there is is you you are the magnificent reflection of all that is in the world of existence and three dimensions let us wake up from this illusion we have to realize we will leave this body one

day we have to realize all of our possessions will be left behind as we depart for our next new adventure this is not a book of divine informative revelation these words do not come from heaven these writings knowledge arose in the heart through universal intuition and were written from oneself to oneself without the interference of the author s personal thoughts ego what you call i is your identity bonding yourself with your identity creates the i am ego personality this identity of yours is not actually you it is an illusory state of what you are not in reality you are not your ego identity the external world and its social parameters play a big role in forming this ego identity you do not own anything no name no form or any image that you can call i you have not constructed or created these you do not own anything you think you can control or possess when you identify yourself with these things the things that you are not or do not own you are creating a self imposed prison for yourself and living inside of it in other words you create your ego personality in this case we have to ask the following question who am i really are you really all that you claim to own names forms and images are you only made up of body and mind when you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true reality when you claim ownership of these names forms and images you create your ego personality whenever you say i am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing if you do not identify with anything if you do not claim ownership of anything the i ceases to exist removing the i dissolving it is the ultimate freedom we seek the walls of the self imposed prison of ego personality you possessively created will fall away here in this liberated state of being the necessity for choice or decision falls away too you act just as is needed in each moment of life as it arises in the now thoughts of should i have done this or that will disappear the mind is like software running on a computer the virus that corrupts the software is the ego it is this ego personality that creates erroneous beliefs and then claims ownership of them only when this virus is removed by an antivirus program mind reveals itself in its full capacity with this cleaning up process human minds become increasingly liberated and expansively intelligent in this book knowledge of advanced life is being released into the public publishing domain for the first time this life can be described with concepts of absolute human birth of absolute humanity experiencing non existence and beyond non existence we believe through our life experience that the only way to change our individual and collective point of view is to know non existence the will behind the writing and publishing of this knowledge in the book arose in servitude

biblical boasting is an encouraging and challenging book that one can use in gauging spiritual growth the text also includes some action steps readers can take to grow and move forward practical life

few things bring more happiness than those we achieve with our determination and self control when we lose weight when we quit a bad habit if we had a dependence on drugs and we are cleaned now or if we were alcoholic and we overcome this weakness we get a sense of real accomplishment like no other because is indeed a monster we have defeated our own mind this mind guide me through all my life with many mistaken decisions but i have woken up to the realization that i needed to change is in our mind the root of all our problems and very little we do to remediate because of the order we prioritize things we put our minds on autopilot thinking we don't need to feed it anymore but is in there where the secret to very real and permanent changes is hidden we tend to exaggerate our problems whatever they are and expand them to make others feel sympathy for us we need so much attention and this is one reason social media is so successful many different state of minds depressions and erratic behaviors this is why many jobs can be problematic despite of how great the work environment might be behind this display of tough or toxic personalities we are in reality very lonely and fragile there is no doubt we need to change for the people we love because usually they are always the ones we hurt the most the great majority of us have a good personality but we mostly reflect on the outside what our present emotions dictate our minds fly away with so many worries anxieties frustrated desires and dreams and little do we realize is just a decision a mental attitude we want the world to be miserable and in line with our mental state many just become absent their mind is always

somewhere distance a reaction to a frustrated desire or our rejection to the present reality but in this equation there is a factor that plays a major role in everything we do our spirit this spirit will always be hungry and whatever we feed it will have serious consequences in our entire existence present and distance i apologize for using my personal life as an example in many situations is not to be vain but to help others learn from my mistakes this book is a little of my personal experience my small token i m not a professional nor a religious expert but my personal view from the perspective of a simple man i have changed many things in my life i m always working on some others i still need to change every day but now i m aware of this fierce battle within i take one day at a time there are some days i lose this battle but i don t allow this defeats to take over my life i get up the next day with a will to fight to be better and not just for me anymore but for my creator for my family and because this world needs so much change and since we can t change the world if we individually change we will create a chain reaction if we change others will change too our love ones might get the very best version of you and when we feed the spirit properly we will never feel lonely anymore as with many self help spiritual books take only the things that might help you even if you only find something small a little knowledge may go a long way my mother always told me even from the ignorant you can learn something and in this case the ignorant is me take this humble message from my mother and perhaps here you might find something to set you truly free this book is spiritual but even if you disagree with some things disregard them and continue i don t want to change your mind i want to change your heart open your heart among the pages here you might find be the answer you were looking for you might find a word to gain strength and a word to stand firm through the hurricanes and tornados of life you might find some things i mention more than once but i truly believe they are important nothing is new just a reminder that i wish you will never forget
