drawing on more than 30 case studies from around the world this book offers a multitude of examples for improving the governance of small scale fisheries contributors from some 36 countries argue that reform transformation and innovation are vital to achieving sustainable small scale fisheries especially for mitigating the threats and vulnerabilities of global change for this to happen governing systems must be context specific and the governability of small scale fisheries properly assessed the volume corresponds well with the voluntary guidelines for securing sustainable small scale fisheries adopted in 2014 spearheaded by the united nations food and agriculture organization fao these affirm the importance of small scale fisheries for food security nutrition livelihoods rural development and poverty reduction the book arises from the project too big to ignore global partnership for small scale fisheries research tbti a nuanced diverse vibrant and local specific collection of essays just as the small scale fisheries around the world dealt with by this versatile array of authors following on the heels of the recently adopted fao small scale fisheries guidelines here is an erudite compendium which i heartily recommend

to policy makers academics and activists who wish to come to terms with the complex issue of governance of this important field of human activity john kurien founding member of the international collective in support of fishworkers icsf and former professor centre for development studies trivandrum india likely to become a classic in its field this book is about small scale fisheries and interactive governance governance which is negotiated deliberated upon and communicated among stakeholders who often share governing responsibilities the authors show that interactive governance is not just a normative theory but a phenomenon that can be studied empirically here with 34 case studies from as many countries around the world north and south east and west such force of example enables the editors to put together well developed arguments and sometimes surprising conclusions about the way ahead a must read for managers practitioners stakeholders and students fikret berkes university of manitoba canada and author of coasts for people

this book applies interactive perspectives which have historically mainly been discussed in the context of western european countries to case studies on water governance in asia it examines how these perspectives can be used to reveal complex and dynamic interactions in water governance in asia and how interactions between policies and practices as well as those between formal institutes and emerging informal institutes come to pass in two introductory chapters and seven case studies in asia two from china and each one from japan thailand the philippines indonesia and india the book reveals the interactive forms currently emerging in asia under hierarchical but often fragmented administrative systems in addition it explores emerging hybrid forms of interactive governance which bring together governmental and non governmental actors and discusses how the expected role of government and roles of non governmental actors could be changed to solve problems in a more cooperative manner in this context researchers from outside the locality could play an important role helping facilitate such forms of interactive governance the book offers extensive information on the essential features of interactive forms and on the role of such transdisciplinary approaches making it a valuable resource not only for scholars and university students but also for policymakers and grass roots practitioners directly involved in the interactive process of water governance

what does it mean to interact with sound how does interactivity alter our experience as creators and listeners what does the future hold for interactive musical and sonic experiences this book answers these questions with newly commissioned chapters that explore the full range of interactive audio in games performance design and practice

the science policy interface is critical to the design and implementation of water policies in theory scientists provide policy makers with robust facts and data that can help guide decision making and lessons from the political economy of reforms can push scientific boundaries further to trigger further research for wise solutions while evidence based policy is obviously desirable in practice such a connection is not always straightforward another assumption behind the science policy gap is the discrepancy between scientists and policy makers in terms of culture process timing language and expected outcome this book tries to reconcile this discrepancy through a

multi stakeholder approach to authoring its different articles this joint initiative between the oecd particularly its water governance initiative and the international water resources association seeks to provide a canvas for grounding water policy in science and vice versa the objective of this book devoted to the oecd principles on water governance is to use the oecd principles as a common thread across the articles to draw lessons from theoretical work and practical experiences in water governance reforms but also to only feature papers authored by groups of diverse stakeholders from different institutional backgrounds this book was originally published as a special issue of water international

this book intends to theoretically conceptualize and empirically investigate upcoming and established practices of community based initiatives in various countries in which both citizens and governments join efforts and capacities to solve wicked issues it aims to include and compare cases from various countries departing from the notion that community based initiatives take place in an institutional context of governmental structures rules procedures regulations and routines this leads to government involvement in these initiatives and sharing the public space furthermore the editors take into account what kind of leadership roles knowledge and resources are present and how they evolve in this collaborative or coordinative effort which in turn can enhance the capacities of community based initiatives this book joins excellent researchers from renowned universities all over the world aiming for a balance between upcoming scholars and renowned scholars in the field of community based initiatives and governance capacity contributors were carefully selected on the basis of their experience in the field of community based initiatives citizens engagement and governance capacity approaches aimed at researchers and academics this volume will be of interest to those in the fields of business economics public administration political science social enterprise sociology and third sector studies

this unique book combines linguistics history archaeology and anthropology into a whole overview of the development of tribal alliances and self governance through time no other scholar addresses so successfully and so well the imagery of political and historical issues through dance c blue clark author of lone wolf v hitchcock

written in two parts part 1 explores the development of calypso from it s emergence in the pre colonial period to the post colonial period in part 2 the focus is on the new carnival musical practices of soca rapso chutney soca and ragga soca and the ways in which they contirbuted to the redefinition of trinidadian cultural politics in the neoliberal era the new rationailities contingencies desires and musical experments that animated the new musics and enabled them to gradually displace calypso from its centrality as national expression is examined

the authors look at the relationships in different provincial settings focusing on ontario quebec and saskatchewan examining the defining influence of government welfare programs on the lives of two local religious orders in atlantic canada the authors argue that both the public and the nonprofit sectors are changing in the public sector the traditional dominance of central

governments has given way to a governance system that interweaves action at the global national regional and local levels in the nonprofit sector groups are assuming new organizational forms and engaging in public policy more centrally both as advocates and service providers not surprisingly relations between these two sectors involve a complex series of delicate dances in which missteps by either partner can produce tangled confusion contributors include donald abelson university of western ontario kathy brock queens university ian brodie university of western ontario ann capling melbourne university miriam lapp university of western ontario georges lebel uqam heidi macdonald university of lethbridge david malloy university of regina kim nossal queens university susan phillips carleton university ken rasmussen university of regina paul pross dalhousie university peter smith athabaska university elizabeth smythe concordia university college of alberta kernaghan webb carleton university and mary wiktorowicz york university

presents profiles of colleges universities vocational schools and distance learning programs in the united states and canada and includes tabular data on college costs accreditation and other factors as well as lists of degrees and subjects offered and sources of financial aid

not an essay in normative political philosophy but a discussion of the present day developments in american political thought as they focus on community fowler political science u of wisconsin tells the story of the coming of age of community in the thought of american political intellectuals and provides measured analysis and reflection on some of the directions in which thinking about community has proceeded annotation copyrighted by book news inc portland or
