the marketing of tourist destinations requires continuous strategic planning and decision making this book provides researchers and practitioners with an in depth understanding of different tourism products marketing strategies and destination branding tactics as well as

useful insights into sustainable and responsible tourism practices

the classic marketing management is an undisputed global best seller an encyclopedia of marketing considered by many as the authoritative book on the subject

interconnecting the concepts of sustainability innovation and transformation this book explains how organizations have successfully transformed themselves and wider society to foster a more sustainable future and identifies the difficulties and challenges along the way part of the principle of responsible management education prme series the book promotes a strong voice for meeting sustainability challenges for transformative change in a globalized world through business education and practice a transition to a more sustainable way of doing business can only be attained by combining technology with profound system innovations and lifestyle changes the chapters in the book each written by a strong and well recognized team of researchers in the field open up the discussion about a new partnership between sustainability innovation and transformation that includes the global society big world the biosphere small planet and also requires a deep mind shift the book presents cases from business including ikea and eataly and other service networks including the base of the pyramid bop and illustrates how these organizations have transformed themselves for a sustainable future the research perspectives are macro policies and legislation meso institutional practices and micro business practices and individual behavior this book is where research meets real world business and societal practice the chapters are grounded in business research specifically the interdependencies between sustainability innovation and transformation which makes for a robust basis for describing explaining and understanding the complex challenges faced by business and society in the 21st century the book is intended for graduate and postgraduate level students and executive education with implications for practitioners furthermore it contributes to multidisciplinary research in the field of interaction between business and society with a view to extending the firm centric view to encompass a broader systemic and dynamic understanding of business and societal transformation

this book is very useful for teaching any management course through case studies cases

are written in a very simple language so that all students at the graduate level post graduate level can understand its application case studies are very important to be taken for teaching management in any type of course as it immerses students in real world scenarios fostering critical thinking problem solving and decision making skills while also bridging the gap between theory and practice case studies present complex real life situations or problems that managers have faced allowing students to analyze discuss and propose solutions they encourage active participation and engagement moving beyond passive learning by placing students in the role of decision makers the emphasis is on the analytical process and the reasoning behind decisions rather than solely on finding a correct answer case studies can encompass various management disciplines allowing for a holistic understanding of organizational challenges they are a form of problem based learning where students learn by grappling with real world problems there are various benefits of using case studies in teaching management courses case studies enhance critical thinking analytical abilities communication skills and interpersonal skills students practice making decisions under pressure weighing different options and understanding the consequences of their choices they bridge the gap between theory and practice allowing students to apply their knowledge to real world scenarios the real world nature of case studies makes learning more engaging and relevant for students case studies encourage open discussion and debate fostering a collaborative learning environment successfully navigating complex case studies can build students confidence in their abilities as future managers this book consists of diverse case studies related to various sectors it also includes the case objective overview of company summary and conclusion and questions for discussion i hope management faculty in all types of business school worldwide will find this comprehensive book on business case studies very helpful for class room teaching group discussions and even for giving assignment to students for internal assessment i wish you all a happy learning process and i hope all my efforts in compiling varied cases will contribute for better management learning and student engagement

going green without the tree hugging climate change fair trade ethical investment organic

food solar planets modern life is complex for consumers with a conscience what green and ethical advice is worth following which products and companies should we support or avoid the rough guide to ethical livingcuts through the greenwash to answer these and many other questions low carbon living from electricity to cars how to reduce your greenhouse emissions at home and on the road responsible shopping tea to trainers fish to furniture cosmetics to cleaners the problems and ethical options the issues do boycotts work is buying local better how fair is fair trade what about third world labour packed full of information and with tips on doing your own research the rough guide to ethical livingis the ultimate handbook for responsible consumers

substantial progress has been made in the conceptualization of values within psychology the importance of values is also acknowledged in marketing and companies use values to describe the core associations of their brand yet despite this the values concept has received limited attention in marketing theory the influence of values on consumer behaviour aims to bridge the gap between the conceptual progress of values in psychology and the current practice in marketing and branding literature it proposes the value compass a comprehensive value system that is cross culturally applicable to consumer behaviour and brand choice the values concept is used in psychology to identify the motivations underlying behaviour a concept that marketers have borrowed to define brand values this has led to conceptual confusion whereas in psychology the values system is perceived as an integrated structure in marketing values are treated as abstract motivations that give importance to the benefits of consumption attention in marketing has shifted away from brand values toward brand personality a set of human characteristics associated with a brand despite its popularity brand personality has limitations in explaining consumer behaviour while the potential merits of a brand values concept have remained largely unexplored the book presents a meaningful alternative to the brand personality concept and promotes the benefits of using the value compass for assessing the effects of brand values and personal values on consumer choice as such it will be essential reading for academics and postgraduate students in the fields of marketing consumer psychology branding consumer choice behaviour and business studies

this rough guide brings to the forefront the many issues surrounding the impact of daily shopping habits on this ever shrinking planet two color illustrations

leto is as funny as she is well read a delight for bibliophiles and wannabes alike wyllie overstreet author of the history of the world according to facebook lauren leto humor blogger and co author of texts from last night now offers a fascinating field guide to the hearts and minds of readers everywhere judging a book by its cover is like a literary sin my dad says an unrelentingly witty and delightfully irreverent guide to the intricate world of passionate literary debate at once skewering and celebrating great writers from dostoevsky to ayn rand to jonathan franzen and all the people who read them this provocative smart and addictively funny tome arose out of leto s popular book porn blog posts and it will delight and outrage literature fans readers of stuff white people like and i judge you when you use poor grammar people obsessed with literary culture and people fed up with literary culture in equal measure

this book explores the symbiotic relationship between the global business landscape and the united nations 17 sustainable development goals sdgs set out in 2015 highlighting the world s paramount challenges from climate change to gender equality it emphasizes our collective stride towards sustainability the narrative is structured around 17 in depth case studies that span a plethora of industries from food and finance to energy and transportation each exploring an individual sdg these studies provide a window into how trailblazing companies are intricately embedding the sdgs into their operational blueprints this volume will be a valuable guide to sustainable business models and practices fostering a clarion call for students practitioners and policymakers to rally towards a greener brighter future

few marketers would challenge the power of retail branding or its significance as a marketing discipline but little has been written about it and even less is understood so what is the difference between product branding and retail branding how do retail brands originate and how do they become effective the answers to these questions can be found within and they rely heavily on the author s 25 years experience in retail branding and

design to explain its complex and holistic nature retail branding deals with the modernization of retail brands and how the theory behind the brand is translated into a finished design it is a brilliant combination of practical information creative insight and successful retail branding initiatives
