there has long been a need for a comprehensive but truly introductory single authored textbook in theology by introducing the reader to the biblical doctrinal and contemporary dimensions of christianity with the help of illustrated examples from selected primary texts the book provides an excellent grounding in theology for both students of the discipline and the general reader the work explores key tools for the scientific study of theology endeavouring both to affirm the rationale behind christian thinking and also to familiarize the reader with significant contrary positions the solid foundations in biblical theology and hermeneutics given in the book will enable students to read judeo christian scripture intelligently key testimonies regarding jesus christ are scrutinized and the nature of the new testament discussed as well as the emergence of doctrinal orthodoxy

and the later disagreements which have shaped contemporary christianity the reader will become familiar with the dimensions of current christian thinking in its dialogue with post modernity

this introduction to christian theology explores the whole christian tradition in a simple and straightforward way leading wesleyan theologian don thorsen surveys the theological views represented within historic christianity and discusses the variety of positions held without favoring one over another the book includes helpful end of chapter questions for further reflection and discussion a convenient glossary of theological terms and sidebars the second edition is marked by a thorough updating of the text and the addition of two new chapters on apologetics and the future of the unevangelized

dallas seminary professors make basic theology accessible for all theology doesn't have to be complicated in this book trusted dallas seminary professors present a concise systematic theology that distills the essential spiritual truths in a way that makes sense to readers students lay people and pastors here are introductions overviews and reviews of key tenets of orthodox protestant evangelical doctrines the book also includes an annotated list of key applicable bible texts a quick paced story of doctrine throughout church history heresies or distortions to be aware of and more exploring christian theology is useful for discipleship catechism membership training preview or review of doctrine or quick personal reference it can also be used by ministry training programs bible colleges or seminaries as an introductory primer to orient students in preparation for a more in depth study of theology

christian theology the classics is a vibrant introduction to the most important works of theology in the history of christian thought exploring writings from the origins of christianity to the present day it examines some of the most influential theologians of all time considering the context in which they were writing and the lasting significance of their work covering thirty one theological classics such as augustine of hippo on the trinity martin luther commentary on galatians john calvin the institutes of the christian religion jonathan edwards religious affections st thomas aquinas summa theologiae with a glossary and outlines of the key criticisms of each text this book is the perfect starting point for anyone interested in theology and the history of christian thought

christian theology the basics is a concise introduction to the nature tasks and central concerns of theology the study of god within the christian tradition providing a broad overview of the story that christianity tells us about our human situation before god this book will also seek to provide encouragement and a solid foundation for the reader's further explorations within the subject with debates surrounding the relation between faith and reason in theology the book opens with a consideration of the basis of theology and goes on to explore key topics including the identity of jesus and debates in christology the role of the bible in shaping theological inquiry the centrality of the trinity for all forms of christian thinking the promise of salvation and how it is achieved with suggestions for further reading at the end of each chapter along with a glossary christian theology the basics is the ideal starting point for those new to study of theology

this book shows that theology is both integrally related to formation in jesus christ and shapes our

understanding of the world christian formation is incomplete and impossible without theological formation because christ transforms our hearts and minds attuning them to the reality of god as the authors explore the deep connections between theology and the life of the christian they emphasize christian formation as a defining feature of the church arguing that theology must be integrally connected to the church's traditions and practices

this splendid introductory textbook for christian theology presents two essays by leading scholars on each of the major theological questions william placher provides an excellent discussion of the history and current state of each doctrine while the essays explore the key elements and contemporary issues relating to these important theological concepts

this book helps beginning theological students grasp the basics of christian theology consciously avoiding the perspective of one school of thought or confessional tradition the authors provide the reader with a brief broad overview of the questions and contents of theological study their accessible use of language clear organization and careful explanation will prove of invaluable aid to those who are getting their theological feet wet for the first time in the words of its authors this book offers an introduction to the fuller spectrum of christian theology as it has developed through the centuries few writers address the historical development of the classic doctrines and the contemporary resonance as adroitly as gonzalez and perez the chapter on jesus christ for example presents concise summaries of the treatments of christ's person leading up to chalcedon while suggesting a need for a multiplicity of images in understanding the work of christ that liberates the whole person and restores all creation beginning students as a result are invited into a living theological conversation where the contested claims of the past have continued relevance in a contemporary era beset by its undervaluing of the body and creation broadly ecumenical in tenor with reference to theologians from nearly every century the work should appeal to both a popular readership and introductory students in college and seminary one disappointing aspect of the book is an absence of latino a feminist and liberation perspectives for a work that argues for the contextuality of all theology and from authors whose previous work has been monumental in hispanic theological education this lack is surprising david h jensen austin presbyterian theological seminary in religious studies review volume 29 number 3 july 2003
