the introduction and the prologue detail quite explicitly what my novel is about my book is based on a true story and lead characters several of whom i knew personally in the late 1960s and early 1970s before they passed away i never did meet ian fleming the creator of the james bond novels as he left the uk for the west indies after the end of world war ii my book is therefore a historical novel with hitherto largely untold aspects based on my own personal knowledge research and professional experience it s a great novel because as several reviewers have pointed out no one has ever told the story of how room 39 ian fleming and his boss and colleagues worked to undermine the nazis in portugal and lisbon specifically and the ending with the meeting in nyc with wild bill donovan my novel shows how fleming used his experiences in room 39 as the basis for his postwar bond novels

updated and expanded including many illustrations by george almond plus clearer translations of foreign terms ian fleming s james bond annotations and chronologies for ian fleming s bond stories officially approved by ian fleming publications ltd formerly glidrose with a preface by andrew lycett and forewords by zoë watkins publishing manager ian fleming publications ltd raymond benson author of the james bond bedside companion six original 007 novels and numerous non bond novels this book is the result of analysis of each of fleming s james bond novels within are glossaries of applicable terminology and references with detailed chronologies of events including annotations detailed chronologies of events are represented at a day of week month day year and time of day level

glossaries contain translations of foreign terms annotations and other information of interest such as detailed information on the origin of saramanga s name the man with the golden gun maps have been created for many of the novels along with in depth information concerning specific topics such as the moonraker bridge game and the goldfinger golf game in many instances monetary amounts have been converted to their 2001 purchasing power equivalent differences found between published versions and the original fleming manuscripts archived at indiana university s lilly library have been noted

it is easy to underestimate the impact that school organisation has on the behaviour effectiveness engagement and creativity of the teachers staff and students who work within it it also has a marked effect on the well being of staff members and how families and the community relate to the school attempts to improve school organisation are often short term initiatives that only cover only one or two aspects of what it takes to organise a school effectively improving schools using systems leadership in contrast provides those involved in the design and delivery of educational services with a coherent and easy to follow framework to help run an effective organisation based on theory real data on education improvements at school and regional level and case studies this book demonstrates how systems leadership can be used to improve school organisation it integrates models of leadership teamwork capability structure and systems to help make them more effective in improving the learning outcomes of students and also sustain this improvement over time this book explains how systems leadership can and has been applied in schools to bring clarity to the purpose structure and systems within a school and have a major impact on its success as such it is an essential text for school leaders and managers looking for practical tools to help improve the working lives of the people within their organisation and hence their effectiveness

school reform in an era of standardization explores how teachers and school based administrators navigate the processes of accountability and standardization in schooling systems and settings it provides clear insights into how the work and learning of teachers and students in schools have been dramatically reconstituted by increased pressures of external political scrutiny and accountability the book reveals in detail the nature and effects of standardization processes upon schools and schooling systems specifically it shows how curriculum development teaching and assessment practices have all been recalibrated under conditions of increased external scrutiny of teacher and student work and learning and how such processes are manifest in curriculum dominated by attention to

literacy and numeracy more scripted pedagogies and standardized testing however the research not only elaborates the detrimental effects of such processes but also how those responsible for educating in schools teachers heads of curriculum deputy principals and principals have responded proactively by interpreting interrogating and challenging these conditions in this way it provides resources for hope evidence of what are described as more authentic accountabilities and at the same time it provides a clear portrait of the difficulty of fostering substantive curriculum teaching and assessment reform during an era of increasingly reductive accountability processes it will be an invaluable resource for understanding and enhancing practices in schools and school systems in the decades to come and for giving hope to educators in the ongoing work of rebuilding trust in public education

the self transforming school combines an insightful meta analysis of factors contributing to the success of schools and an examination of powerful mega trends that are shaping developments in education to offer the first mega analysis in education policy and practice the book spans fifty years beginning with caldwell and spinks ground breaking work the self managing school which advocated innovative approaches that are now accepted as preferred practice before offering a prognosis and plan for the future the book argues that all schools in all settings can secure success for all students in an era where society and the economy are changing constantly and dramatically although schools find some support in local and global networks externally designed re structuring re staffing or command and control direction isn t sufficient to achieve transformation instead of replicating particular approaches to achieve modest improvement leadership of the highest quality needs to be deeply embedded in schools and their systems caldwell and spinks propose three important points that need to be taken into consideration schools are often at different stages of self transformation self transformation requires a high level of professionalism and must include teacher education and on going professional development funding is critically important and efforts to build a capacity for self transformation are constrained by what is available the book gives particular attention to developments in australia brazil canada england finland hong kong india new zealand shanghai singapore and the united states it will be of key interest to school leaders policy makers and academics and postgraduate students engaged in research on equity student performance in highly disadvantaged settings and education policy

the mystery of edwin drood was a novel on which charles dickens was working at the time of his death in cardiff on christmas eve 1869 dickens told the ninth doctor and rose that it lacked an ending however he was inspired by their adventure with the gelth he intended to introduce characters called the blue elementals to help him conclude the novel and hinted that perhaps he might change the title to the mystery of edwin drood and the blue elementals it remained uncompleted due to dickens death the following year tv the unquiet dead
