ashtavakra gita is the most instructive spiritual text ever written and should be read and re read by any sincere seeker

of self realization it gets to the heart of truth and true nature more directly and concisely than anything else i ve encountered and i agree with its last words no more can be said i call this the bootleg version because a pdf of my first draft of this translation which i gave to a small group of friends made its way onto the internet and subsequently was downloaded and read by a sizeable number of people judging by the emails i ve received thanking me for doing it or requesting permission to translate it into their language despite having no contact information in the pdf several years later i included a slightly revised version in my book the perennial way which judging by book sales has not reached nearly the same number of people and so i thought i d publish the original version separately as a paperback and e book on the theory that maybe it had its own mojo for some reason and might find its way into the hands of a few folks who have not otherwise encountered it the translator s preface and introduction are also from the original viral pdf
