the etudes for trumpet consists of two series of study material for trumpet the orchestral etudes and the last etudes among students of the instrument both of these series have met with the most enthusiastic acclaim there are few instrumental studies which have excited such general enthusiasm and proved so useful in the development of trumpet technique mediated by William Vacchiano both series of etudes are for the advanced student and offer invaluable material for the study of phrasing and for warm up drills

most of the etudes in twenty studies were composed with very specific problems in mind if you are an orchestral trumpet player working on the standard audition repertoire this book is a must have for your collection and should be worked into your practice regime at the earliest possible opportunity to illustrate how the book provides solutions to very specific problems in the standard orchestral

repertoire consider the etude called it s in there this etude was composed specifically to address the issue of breathing in the famed petrouchka excerpt practicing it s in there forces the musician to deal with breathing because of the etude s length and range when the musician learns and masters it s in there he or she is better equipped to handle the original etude and returning to it s he will find it less demanding and not nearly as intimidating as before another example is the etude which deals with the intervals and phrasing of mahler s third symphony after mastering this etude the challenges posed by the intervals and phrasing of the original excerpt will cease to be as formidable as many musicians originally experienced them the book boasts several of these exaggerated etudes along with other more generally challenging studies all of the etudes are intended to help you prepare for your orchestral auditions

this collection of jazz etudes with an accompanying cd gives students a fun and effective way to learn to play jazz style blues lines the cd tracks provide a professional rhythm section piano bass drums to play along with plus recordings of professional jazz musicians playing each etude the recordings help to provide a model for the student s stylistic development and an opportunity to play with a great band each of the 12 etudes provides a new challenge to master

this book introduces music education majors to basic instrumental pedagogy for the instruments and ensembles most commonly found in the elementary and secondary curricula this text focuses on the core competencies required for teacher certification in instrumental music the first section of the book focuses on essential issues for a successful instrumental program objectives assessment and evaluation motivation administrative tasks and recruiting and scheduling including block scheduling the second section devotes a chapter to each wind instrument plus percussion and strings and includes troubleshooting checklists for each instrument the third section focuses on rehearsal techniques from the first day through high school
