the name of the illustrious origen comes before us in this volume in connection with his works de principiis epistola ad africanum and contra celsum of these the first two have been given entire while of the third we have been able at present only to give the first book a full account of the life and writings of the author will be prefixed to our next volume of his works meanwhile we restrict ourselves to a brief notice of the three which have been mentioned it is in his treatise Περὶ Ἀρχῶν or as it is commonly known under the latin title de principiis that origen most fully develops his system and brings out his peculiar principles none of his works exposed him to so much animadversion in the ancient church as this on it chiefly was based the charge of heresy which some vehemently pressed against him a charge from which even his firmest friends felt it no easy matter absolutely to defend him the points on which it was held that he had plainly departed from the orthodox faith were the four following first that the souls of men had existed in a previous state and that their imprisonment in material bodies was a punishment for sins which they had then committed second that the human soul of christ had also previously existed and been united to the divine nature before that incarnation of the son of god which is related in the gospels third that our material bodies shall be transformed into absolutely ethereal ones at the resurrection and fourth that all men and even devils shall be finally restored through the mediation of christ his principles of interpreting scripture are also brought out in this treatise and while not a little ingenuity is displayed in illustrating and maintaining them the serious errors into which they might too easily lead will be at once perceived by the reader it is much to be regretted that the original greek of the de principiis has for the most part perished we possess it chiefly in a latin translation by rufinus and there can be no doubt that he often took great liberties with his author so much was this felt to be the case that jerome undertook a new translation of the work but only small portions of his version have reached our day he strongly accuses rufinus of unfaithfulness as an interpreter while he also inveighs bitterly against origen himself as having departed from the catholic faith specially in regard to the doctrine of the trinity there seems however after all no adequate reason to doubt the substantial orthodoxy of our author although the bent of his mind and the nature of his studies led him to indulge in many vain and unauthorized speculations the epistle to africanus was drawn forth by a letter which that learned writer had addressed to origen respecting the story of susanna appended to the book of daniel africanus had grave doubts as to the canonical authority of the account origen replies to his objections and seeks to uphold the story as both useful in itself and a genuine portion of the ancient prophetic writings the treatise of origen against celsus is of all his works the most interesting to the modern reader it is a defence of christianity in opposition to a greek philosopher named celsus who had attacked it in a work entitled Ἀληθὴς Λόγος that is the true word or the true discourse of this work we know nothing except from the quotations contained in the answer given to it by origen nor has anything very certain been ascertained respecting its author according to origen he was a follower of epicurus but others have regarded him as a platonist if we may judge of the work by those specimens of it preserved in the reply of origen it was little better than a compound of sophistry and slander but there is reason to be grateful for it as having called forth the admirable answer of origen this work was written in the old age of our author and is composed with great care while it abounds with proofs of the widest erudition it is also perfectly orthodox and as bishop bull has remarked it is only fair that we should judge from a work written with the view of being considered by the world at large and with the most elaborate care as to the mature and finally accepted views of the author

Yeah, reviewing a book **Milady Practical Workbook Answer Chap** could be credited with your close contacts listings. This is just one of the solutions for you to be successful. As understood, success does not suggest that you have fantastic points. Comprehending as well as concord even more than extra will meet the expense of each success. bordering to, the broadcast as skillfully as sharpness of this Milady Practical Workbook Answer Chap can be taken as capably as picked to act.
