principles of international criminal law is one of the most influential textbooks in the field of international criminal justice this fourth edition builds on the highly successful work of the previous editions setting out the general principles governing international crimes as well as the fundamentals of both substantive and procedural international criminal law it provides a detailed understanding of the sources and evolution of international criminal law demonstrating how it has developed and how

its application has changed the book assesses in detail the four key international crimes as defined by the statute of the international criminal court genocide crimes against humanity war crimes and the crime of aggression the new edition revises and updates the work with developments in international criminal justice since 2014 it includes substantial new material on critical perspectives on international criminal justice the fragmentation of international criminal law new war crimes of prohibited means of warfare and the prosecution of crimes committed in syria and northern iraq the book retains its highly acclaimed systematic approach and consistent methodology making it essential reading for both students and scholars of international criminal law as well as practitioners and judges working in the field

this book covers many aspects of cyberspace emphasizing not only its possible negative challenge as a threat to security but also its positive influence as an efficient tool for defense as well as a welcome new factor for economic and industrial production cyberspace is analyzed from quite different and interdisciplinary perspectives such as conceptual and legal military and socio civil psychological commercial cyber delinquency cyber intelligence applied to public and private institutions as well as the nuclear governance

competition law of the eu and uk is the essential introduction to competition law clear and accessible without compromising on rigor it helps students to navigate all of the technicalities of competition law with strong coverage of the economics underpinning the law this text leads students through the complexities of competition law and helps them to understand its principles designed to bring the law to life a range of learning features aid comprehension and invite students to think about the many applications of competition law key cases boxes provide lively discussion and user friendly flow charts and visual aids offer a stimulating approach to competition law making it an ideal introduction to the subject for undergraduates and postgraduates new to this area of law an online resource centre accompanies this book and provides summary maps and key cases downloadable for ease of use multiple choice questions to help students to self check progress and understanding table of oft decisions for quick reference links to enable students to take their learning further

this book provides a systematic analysis of the principle of non intervention from a historical theoretical and systematic perspective roscini argues that the principle is strictly linked to some fundamental notions of international law such as sovereignty use of force self determination and human rights protection

in pathway to rebellion willie henry traces the origins of the rebellion of 1916 in co galway back over a century he argues that the country s rebellious past encouraged

the galway volunteers to take a stand during the rising when many other parts of the country failed to do so while galway's people did not make the same blood sacrifice as dublin they were not lacking in courage many of the men were without arms while others only had pikes nevertheless they were prepared to fight although aware that their rebellious actions could mean death in battle or before a firing squad despite this they stood by their convictions and showed unquestionable commitment to the idea of a free ireland following the rising those who were captured were assaulted subjected to verbal abuse by the public and their captors and condemned to imprisonment some managed to evade capture but were forced to go on the run however in the aftermath of the leaders executions public opinion changed dramatically and the traitors of yesterday were suddenly the heroes of today the homecoming of those who were imprisoned was in total contrast to their departure the entire story of galway in 1916 is in this book making it the definitive story of the rebellion in the west

through the prism of the first comprehensive account of rt the kremlin's primary tool of foreign propaganda russia disinformation and the liberal order sheds new light on the provenance and nature of disinformation's threat to democracy interrogating the communications strategies pursued by authoritarian states and grassroots populist movements the book reveals the interlinked nature of today's global media politics pathologies stephen hutchings vera tolz precious chatterje doody rhys crilley and marie gillespie provide a systematic investigation into rt's history institutional culture and journalistic ethos its activities across multiple languages and media platforms its audience targeting strategies and audiences engagements with it and its response to the war in ukraine and associated bans on the network the authors analysis challenges commonplace notions of disinformation as something that russia brings to the west where passive publics are duped by the kremlin's communications machine and reveals the reciprocal processes through which russia and disinformation infiltrate and challenge the liberal order russia disinformation and the liberal order provides provocative insights into the nature and extent of the challenge that russia's propaganda operation poses to the west the authors contend that the challenge will be met only if liberals reflect on liberalism's own internal tensions and blind spots and defend the values of open minded impartiality

distinguished scholars and practitioners commemorate and expand upon the work of international judge arbitrator and professor david d caron 1952 2018 by peaceful means is an insightful examination of how international dispute resolution seeks to avert disaster and mitigate discord and how it might continue to do so in our uncertain future
