anthropologist jean l briggs spent seventeen months living on a remote arctic shore as the adopted daughter of an inuit family through vignettes of daily life she unfolds a warm and perceptive tale of the behavioral patterns of the utku people their way of training children and their handling of deviations from desired behavior

in this book steve davidson offers an innovative approach to psychotherapy and to personal development that builds upon operations theory and the idea that by methodically building operational competence by identifying needs and wants and then taking necessary action we have a better opportunity to find happiness and personal fulfillment outlining human operations theory in a clear and concise framework davidson explores the fundamental components of personality and how the process of psychotherapy can become the process of helping people develop their personalities later chapters offer practical applications to working with a range of patients including those suffering from anxiety depression and addiction provocative and insightful an introduction to human operations psychotherapy is a valuable resource for mental health and human service professionals including those in administration and coaching positions and as well as students and those in training

the history of emotions is one of the fastest growing fields in current historical debate and this is the first book length introduction to the field synthesizing the current research and offering direction for future study the history of emotions is organized around the debate between social constructivist and universalist theories of emotion that has shaped most emotions research in a variety of disciplines for more than a hundred years social constructivists believe that emotions are largely learned and subject to historical change while universalists insist on the timelessness and pan culturalism of emotions in historicizing and problematizing this binary jan plamper opens emotions research beyond constructivism and universalism he also maps a vast terrain of thought about feelings in anthropology philosophy sociology linguistics art history political science the life sciences from nineteenth century experimental psychology to the latest affective neuroscience and history from ancient times to the present day

the role of motion pictures in the popularity of rock music became increasingly significant in the latter twentieth century rock music and its interaction with film is the subject of this significant book that re examines and extends serge denisoff s pioneering observations of this relationship prior to saturday night fever rock music had a limited role in the motion picture business that movie s success and the success of its soundtrack began to change the silver screen in 1983 with flashdance the situation drastically evolved and by 1984 ten soundtracks many in the pop rock genre were certified platinum choosing which rock scores to discuss in this book was a challenging task the authors made selections from seminal films such as the graduate easy rider american grafitti saturday night fever

help and dirty dancing however many productions of the period are significant not because of their success but because of their box office and record store failures risky business chronicles the interaction of two major mediums of mass culture in the latter twentieth century this book is essential for those interested in communications popular culture and social change

an npr science desk correspondent challenges the misleading child rearing practices commonly recommended to parents outlining alternatives grounded in international ancestral traditions that are being used effectively throughout the modern world in hunt gather parent doucleff sets out with her three year old daughter in tow to learn and practice parenting strategies from families in three of the world s most venerable communities maya families in mexico inuit families above the arctic circle and hadzabe families in tanzania she sees that these cultures don t have the same problems with children that western parents do most strikingly parents build a relationship with young children that is vastly different from the one many western parents develop it s built on cooperation instead of control trust instead of fear and personalized needs instead of standardized development milestones

this book examines alternative healing practices in american popular culture from traditional folk approaches to more recent developments it discusses the rise and fall of more than 100 popular approaches to addressing both physical ailments and mental health needs offering insightful accounts of everything from aging prevention to voodoo santería alternative healing in american history an encyclopedia from acupuncture to yoga situates each popular approach in the history and culture of health and wellness in america moreover the book shows that orthodox medicine and unconventional approaches may have more in common than many people think because both are subject to the changing nature of the medical understanding and the strength of their appeal to consumers while the main focus is on remedies lying outside the medical mainstream the book also highlights how many widely accepted therapeutic treatments of the past for example the water cure hydrotherapy or lobotomy psychosurgery fell out of favor and were quickly forgotten besides examining popular healing techniques the book also explores the changing nature of the medical marketplace and how once standard treatments e g leeching psychoanalysis have had their ups and downs the book comprises five chronological sections covering time periods from pre 1900 to the present

portraits of oceania is drawn from the collection of the art gallery of new south wales and other collections in australia and new zealand it is the first exhibition

by an Australian art museum to look at the nature of photographic portraiture of some of the indigenous peoples of Oceania during the first fifty years of photography foreword

100 meditations from the book of Job the trials of life come to us all often when we least expect them and when these unwelcomed guests will not go away we can quickly become physically emotionally and spiritually handicapped
