the content of the volume is divided as follows after presenting two rival approaches to substantiality and
causality a traditional ontological view vs a transcendental one rosiak there follow two sections the first
presents studies of substance as showing some causal aspects buchheim keinänen kovac piwowarczyk
whereas the other contains investigations of causality showing in a way its reference to the category of
substance kobiela meixner mitscherling wroński the last short section contains two studies of extension
leszczyński and skowron which can be regarded as a conceptual background of both substantiality and
causality the book gives a very colourful picture of the discussions connected with substantiality and
causality which may be of potential interest for the readers
