discover the pivotal political military and cultural events that have shaped british and irish history from the earliest stone age settlers to the passing of queen elizabeth ii this edition includes over 700 photographs maps and artworks with accessible text history of britain and ireland is a resource for families students and anyone seeking to learn more about the fascinating story of the uk and ireland in this book you will find contemporary portraits and photographs alongside important artefacts maps and documents that bring all of the defining episodes of british and irish history to life pages including information about the celtic tiger brexit covid as well as the lives of queen elizabeth ii and prince philip chapters outlining the stone age medieval britain tudors and people and events that have shaped the history of britain and ireland spanning six distinct periods of british and irish history this book is the best way to discover how britain was transformed under norman rule fought two world wars in the 20th century and faced new economic challenges in the 21st century fully revised and updated this guide places key figures from alfred the great to winston churchill and major events from the roman invasion to the battle of britain in their wider context making it easier to learn how they influenced britain and ireland s development through the age of empire and into the modern era

consisting of twenty eight chapters and numerous case studies the volume examines the history of the british and irish press from its seventeenth century beginnings up until the end of the eighteenth century five core chapters regard the business of the press including

advertising production and distribution legal constraints and opportunities readers and readerships and the emerging identities and communities of news writers and journalists other contributions focus on particular national realities such as those in ireland scotland and wales the contributions examine features relating to the production transmission and reception of not just news publications but also the more specialised press such as periodical essays women s periodicals literary and review journalism medical journals and the criminal and religious press as much early modern news was a transnational phenomenon the volume includes studies on european and trans atlantic networks as well as the role of translation in news transmission and output

britain ireland and their surrounding areas have a remarkably varied geology for so small a fragment of continental crust this region contains a fine rock record from all the geological periods from quaternary back to cambrian and a less continuous but still impressive catalogue of events back through nearly 2500 million years of precambrian time this protracted geological history would have been interesting enough to reconstruct if it had been played out on relatively stable continental crust however britain and ireland have developed instead at a tectonic crossroads on crust traversed intermittently by subduction zones and volcanic arcs continental rifts and mountain belts the resulting complexity makes the geological history of this region at once fascinating and perplexing geological history of britain and ireland tells the geological story of the region at a level accessible to undergraduate geologists as well as to postgraduates professionals or informed amateurs the book takes a multi disciplinary rather than a purely stratigraphical approach and aims to bring to life the processes behind the catalogue of historical events full coverage is given to the rich precambrian and early palaeozoic history as well as to later events more relevant to hydrocarbon exploration the book is profusely illustrated and contains guides to further reading and full references to data sources making it an essential starting point for more detailed studies of the regional geology all british earth science undergraduates will be required to spend some time studying british geological history and this book will be the only one available to british undergraduates the book takes a process based approach

rather than simply describing the regional stratigraphy lavishly illustrated with high quality diagrams

from highly experienced teacher jürgen kramer britain and ireland is a handbook on the history of the british isles that recounts the history of the two states the united kingdom of great britain and northern ireland and the republic of ireland eire and four nations the irish the welsh the scottish and the english from prehistory to the present accompanied by numerous illustrations and information boxes and also an extensive selection of documents with questions to challenge readers the book has a unique approach that presents not only the story of what happened in the british isles but its interdependence with europe and the rest of the world with chapters organized chronologically and including a glossary and selected further reading this is a must for all students of british and irish studies

this book is a study of british society it outlines the struggle for social change in britain today from a socialist and left wing perspective it considers the role of ideas in british politics british history and british society it argues that if britain is to become a better society it needs to develop better ideas specifically the ideas of socialism

first published in 1887 this comprehensive history of great britain and ireland covers the period from the arrival of the celts to the reign of queen victoria henry white provides a

detailed account of political and social developments as well as information on the country's natural resources and economic power this book is a valuable resource for anyone interested in british history this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

jeremy smith explores relations between britain and ireland during the late nineteenth and early twentieth century with a story that still raises deep passions and bitter disagreements both among historians and within wider public opinion this examination attempts to chart a more dispassionate course between the various contending positions and has enormous relevance to the unfolding events in both northern ireland and britain as the united kingdom moves towards a federal constitutional structure books in this seminar studies in history series bridge the gap between textbook and specialist survey and consists of a brief introduction and or background to the subject valuable in bringing the reader up to speed on the area being examined followed by a substantial and authoritative section of analysis focusing on the main themes and issues there is a succinct assessment of the subject a generous selection of documents and a detailed bibliography incorporates a large amount of research on irish history during the last two decades and gives particular focus to the dramatic events between the easter rising of 1916 and the intense negotiations surrounding the treaty in the autumn of 1921 for those interested in the history between ireland and britain

his passionate love for his wife sarah churchill ran like a golden thread of romance through marlborough's stormy career on the eve of battle and in the first flush of victory he must

first and last write her and he would more willingly meet 20 000 frenchmen than his wife s displeasure indeed sarah seems to have waged her own battles very successfully with her tongue and also to have had her own diplomatic triumphs from chapter xi with a verve and liveliness worthy of a novelist american writer mary platt parmele 1843 1911 put her unique stamp on world history with her series of clever concise histories condensed tales of the world s great nations that encompassed the essential facts necessary for appreciating the state of the world as she saw it with this book first published in 1895 and updated in 1900 she sketches the extraordinary story of the british isles from boadicea and the roman invasion to the irish famine the great exhibition and the laying of the transatlantic telegraph cable this is an exciting and inspiring reminder of the history of the peoples who share with americans a language an industrious spirit and a love of freedom and democracy of interest to readers of european and classical history parmele s books available from cosimo classics include the evolution of an empire a brief historical sketch of france the evolution of an empire a brief historical sketch of the united states a short history of france a short history of germany a short history of spain a short history of rome and italy
