psychology has been captured by an assumption that is almost totally unrecognized this assumption the linearity of time unduly restricts theory and therapy yet this restriction is so common so customary that it is often completely ignored this book traces the influence of this assumption and reveals the many overlooked anomalies to its dominance slife describes the many findings and explanations that are incompatible with linear time in several psychological specialties he contends that these unnoticed anomalies point to alternative conceptions of time that offer innovative ideas for psychological explanation and treatment

the family is perhaps the most important single institution in everyone s life what happens in such an intense group how does it develop over time what happens when stress is placed upon it whether generated from inside or outside the family originally published in 1975 when the late tony manocchio was one of the leading practitioners of family therapy in britain and scandinavia this title written with his colleague william petitt is a lively study of communication within families revealing the universal problems common to all the authors demonstrate and illuminate the application of communication principles by analysing healthy and unhealthy family systems in six major plays the winslow boy riders to the sea hamlet a long day s journey into night death of a salesman and a delicate balance as part of this analysis they examine the difficulties family members have in allowing for differences in sharing secrets and the ease with which a whole family can scapegoat a single member they give a number of short case histories and examples from other plays which further illustrate the importance of communicating clearly the book will still be of value to all those interested in the uses of family therapy and also to students of literature for the human insight it offers into the texts discussed

research on metaphor has been dominated by aristotelian questions of processes in metaphor understanding although this area is important it leaves unasked platonic questions of how structures of the mind affect such processes moreover there has been relatively little work on how metaphors affect human behavior although there are numerous postdictive or speculative accounts

of the power of metaphors to affect human behavior in particular areas such as clinical or political arenas empirical verification of these accounts has been sparse to fill this void the editors have compiled this work dedicated to empirical examination of how metaphors affect human behavior and understanding the book is divided into four sections metaphor and pragmatics clinical uses of metaphor metaphor and politics and other applications of metaphor chapters contained within these sections attempt to merge aristotelian questions with platonic ones
