learn one of the most life changing messages in the world from one of its most dynamic speakers bryan dodge s message is spreading from coast to coast and transforming lives day by day with 600 000 radio listeners at dallas wbaq and hundreds of speaking engagements each year dodge definitely has something to say something that could change your life in 48 hours his message is this the good life is within our reach once we know how to find it his simple but powerful lessons show us the way to find more satisfaction at work and at home how to embrace change create upward growth and focus on the things that really matter these are the good life

rules

philosopher mike w martin here examines the meaning of happiness by connecting it to the philosophical notion of the good life

fred feldman s fascinating new book sets out to defend hedonism as a theory about the good life he tries to show that when carefully and charitably interpreted certain forms of hedonism yield plausible evaluations of human lives feldman begins by explaining what we mean when we ask what the good life is he argues that this should not be taken to be a question about the morally good life or about the beneficial life rather the question concerns the general features of the life that is good in itself for the one who lives it hedonism says roughly that the good life is the pleasant life after showing that the usual formulations of hedonism are often confused or incoherent feldman presents a simple clear coherent form of sensory hedonism that provides a starting point for discussion he then considers a webalogue of classic objections to hedonism coming from sources as diverse as plato aristotle brentano ross moore rawls kagan nozick brandt and others one of feldman s central themes is that there is an important distinction between the forms of hedonism that emphasize sensory pleasure and those that emphasize attitudinal pleasure feldman formulates several kinds of hedonism based on the idea that attitudinal pleasure is the good he claims that attitudinal forms of hedonism which have often been ignored in the literature are worthy of more careful attention another main theme of the book is the plasticity of hedonism hedonism comes in many forms attitudinal hedonism is especially receptive to variations and modifications feldman illustrates this plasticity by formulating several variants of attitudinal hedonism and showing how they evade some of the objections he also shows how it is possible to develop forms of hedonism that are equivalent to the allegedly anti hedonistic theory of g e moore and the aristotelian theory according to which the good life is the life of virtue or flourishing he also formulates hedonisms relevantly like the ones defended by aristippus and mill feldman argues that a carefully developed form of attitudinal hedonism is not refuted by objections concerning the shape of a life he also defends the claim that all of the alleged forms of hedonism discussed in the book genuinely deserve to be called hedonism finally after dealing with the last of the objections he gives a sketch of his hedonistic vision of the good life

in this profound and yet accessible book john kekes discusses moral wisdom a virtue essential to living a morally good and personally satisfying life he advances a broad nontechnical argument that considers the adversities inherent in the human condition and assists in the achievement of good lives the possession of moral wisdom kekes asserts is a matter of degree more of it makes lives better less makes them worse exactly what is moral wisdom however and how should it be sought ancient greek and medieval christian

philosophers were centrally concerned with it by contrast modern western sensibility doubts the existence of a moral order in reality and because we doubt it and have developed no alternatives we have grown dubious about the traditional idea of wisdom kekes returns to the classical greek sources of western philosophy to argue for the contemporary significance of moral wisdom he develops a proposal that is eudaimonistic secular anthropocentric pluralistic individualistic and agonistic he understands moral wisdom as focusing on the human effort to create many different forms of good lives although the approach is aristotelian the author concentrates on formulating and defending a contemporary moral ideal the importance of this ideal he shows lies in increasing our ability to cope with life s adversities by improving our judgment in chapters on moral imagination self knowledge and moral depth kekes calls attention to aspects of our inner life that have been neglected because of our cultural inattention to moral wisdom he discusses these inner processes through the tragedies of sophocles which can inspire us with their enduring moral significance and help us to understand the importance of moral wisdom to living a good life

a new york times bestseller what makes for a happy life a fulfilling life a good life in their captivating the wall street journal book the directors of the harvard study of adult development the longest scientific study of happiness ever conducted show that the answer to these questions may be closer than you realize what makes a life fulfilling and meaningful the simple but surprising answer is relationships the stronger our relationships the more likely we are to live happy satisfying and healthier lives in fact the harvard study of adult development reveals that the strength of our connections with others can predict the health of both our bodies and our brains as we go through life the invaluable insights in this book emerge from the revealing personal stories of hundreds of participants in the harvard study as they were followed year after year for their entire adult lives and this wisdom was bolstered by research findings from many other studies relationships in all their forms friendships romantic partnerships families coworkers tennis partners book club members bible study groups all contribute to a happier healthier life and as the good life shows us it s never too late to strengthen the relationships you already have and never too late to build new ones the good life provides examples of how to do this dr waldinger s ted talk about the harvard study what makes a good life has been viewed more than 42 million times and is one of the ten most watched ted talks ever the good life has been praised by bestselling authors jay shetty an empowering quest towards our greatest need meaningful human connection angela duckworth in a crowded field of life advice schulz and waldinger stand apart and happiness expert laurie santos waldinger and schulz are world experts on the counterintuitive things that make life meaningful with insightful and interesting daniel gilbert new york times bestselling author of stumbling on happiness life stories the good life shows us how we can

make our lives happier and more meaningful through our connections to others

in this revolutionary self help guide two beloved native american wellness activists offer wisdom for achieving spiritual physical and emotional wellbeing rooted in indigenous ancestral knowledge when wellness teachers and husband wife duo chelsey luger and thosh collins founded their indigenous wellness initiative well for culture they extended an invitation to all to honor their whole self through native wellness philosophies and practices in reclaiming this ancient wisdom for health and wellbeing drawing from traditions spanning multiple tribes they developed the seven circles a holistic model for modern living rooted in timeless teachings from their ancestors luger and collins have introduced this universally adaptable template for living well to ivy league universities and corporations like nike adidas and google and now make it available to everyone in this wise guide the seven circles model comprises interconnected circles that keep all aspects of our lives in balance functioning in harmony with one another they are food movement sleep ceremony sacred space land community in the seven circles luger and collins share intimate stories from their life journeys growing up in tribal communities from the indigenous tradition of staying active and spiritually centered through running and dance to the universal indigenous emphasis on a light filled minimalist home to create sacred space along the way luger and collins invite readers to both adapt these teachings to their lives as well as do so without appropriating and erasing the original context representing a critical new ethos for the wellness space each chapter closes with practical advice on how to engage with the teachings as well as wisdom for keeping that particular circle in harmony with the others with warmth and generosity and 75 atmospheric photographs by collins throughout the seven circles teaches us how to connect with nature with our community and with ourselves and to integrate ancient indigenous philosophies of health and wellbeing into our own lives to find healing and balance
