with discourses of crisis and disaster featuring strongly in contemporary discourses on contemporary society this book brings together critical perspectives from across the

humanities and social sciences to explore the idea of crisis as inherently related to power dynamics and the formation of different subjectivities and identities within the nordic countries and globally with chapters on media representations of crisis and the global context of crisis discourses the crisis of national identities and their mobilization in response and environmental crisis as well as the interrelationship between the social and the environmental and the different positioning of individuals in relation to power this volume offers an understanding of crisis as a multivocal symbol of the present

this book contributes to the international debate on indigenous peoples law the study displays the current research frontier among the scandinavian countries and establishes the present day issues and how the nation states have responded so far to claims of sami rights the work also sheds light on the contrasts between the three scandinavian countries on the one hand and between scandinavia canada and new zealand on the other showing that although there are obvious differences for instance related to colonisation and present legal solutions there are also shared experiences among the indigenous peoples and the states

this book explores the ways in which representative democracy works in two neighbouring collections of european states the nordic denmark finland iceland norway and sweden and the baltic estonia latvia and lithuania the central guiding questions are how does political representation work in countries that have a lot in common but also a few significant contextual dissimilarities and what if any relationships between the respective styles of democracy can be identified using a variety of theories perspectives and methods the empirical studies that populate the book seek to offer reflections on these questions

dance has been connected to the practices and ideologies that have shaped notions of a nordic region for more than a century and it is ingrained into the culture and society of the region this book investigates different dance phenomena that have either engaged with or dismantled notions of nordicness looking to the motion of dancers and dance forms between different locations organizations and networks of individuals this book opens a rare window into nordic culture seen through the prism of dance

construction for landscape architecture covers all aspects of landscape construction giving a good understanding of building materials and assembly it is heavily illustrated with specially commissioned detailed construction drawings and has a strong emphasis on sustainability and good practice at the end of the book there is an extensive glossary and an appendix of technical information
