this book is about it architecture set against the background of the practical
insights gained at hp hewlett packard since 1986 and formalized in the hp
methodology for it strategy and architecture itsa the important message is
that architecture is used to solve problems or exploit opportunities and is not
used for the sake of architecture core to this is the concept of a seamless chain
of justification that unites stakeholders in defining reinforcing and supporting
the single best fitting it business solution this book teaches the it architecture
practitioner how to align the different views and interests of these
stakeholders into coherent it architecture artifacts by permeating the business
functional technical and implementation perspectives

the concept of the balanced scorecard has become increasingly popular in the global business world as a tool for balancing business strategy with financial concerns customer care internal business processes and learning and growth this book focuses on the hands on experiences of companies across a broad range of organizations at both operational and board level drawn from cases in the uk europe the united states and japan the book shows that though balanced scorecard has been adopted widely it is practiced in different forms and with varying degrees of success making scorecards actionable helps in creating and communicating a total comprehensive strategy to all organizational members from the top down provides a long term view of what the company s strategic objectives really are shows how to make use of knowledge gained through experience demonstrates the required flexibility of such a system to cope with the fast changing business environment this book provides a practice based follow on from the successful performance drivers by olve roy and welter 0471 986232 readership operational managers consultants and business students
