the underpinning theme of this book is how children develop as writers and how self awareness raises achievement it offers creative approaches to increasing pupil motivation and performance by involving amongst other things drama and ICT the contributors offer practical advice on ways to meet the needs of boys able children SEN pupils and those learning English as an additional language how to plan effective lessons how to be flexible within the framework of the NLS and the role of assessment and how it contributes to self understanding central to all classroom practitioners and students this innovative book improves general understanding of the process related to composition and transcription and helps to raise the standards of writing in all classrooms

a wealth of ideas and opinions providing usable ways forward for colleagues in mainstream to best support their pupils with DCD I can wholeheartedly recommend it. A recent news item has pulled together the expertise of a number of well known professionals we like the way Nicola Jones sets the scene and outlines the child's main difficulties in the education environment. This is a very practical book offering plenty of ideas in an area where teachers often have less confidence to put a programme in place. It is an accessible overview of issues pertaining to the inclusion of children and young people with dyspraxia developmental coordination disorder. Nicola Jones has drawn together contributions from a wider range of experts in the dyspraxia field and produced a coherent account of how the needs of children can be met in ways that move beyond a focus solely based on individual interventions. Second edition update this is both an interesting and very useful book for any primary practitioner it also provides enough references and ideas to encourage professionals to investigate and learn more about dyspraxia developmental coordination disorder this is a book that will fit perfectly on your bookshelf special needs coordinators file Nicola Jones shows how to plan a whole school

approach to including children with dyspraxia and developmental co ordination disorder in this short and accessible guide it offers those in managerial and supervisory roles within schools and special education support services clear guidance on successful models of provision that have worked successfully in schools and leas by focusing on the key aspects of service delivery and drawing on well known specialists within the field the book includes sections on planning strategically for inclusive practice assessment handwriting gross motor programmes adapting the pe curriculum supporting parents working with other agencies listening to the children involved sencos class teachers lea advisers and support agencies will find it an invaluable guide to successful inclusive practice

a collection of articles representing progress in the major areas of fundamental and applied handwriting research areas covered are behavioural and cognitive science development education and neuroscience computer analysis and recognition and forensic document examination

the process approach is a method of teaching writing in the primary school in the uk it has become important through the national writing project primary writing is the first book length examination of the method as applied to the uk

the papers in this volume deal specifically with the problem of handwriting recognition and the new frontiers of research in the scientific community including the significance of linguistic and contextual information in handwriting recognition and for adaptive preprocessing and postprocessing also addressed are problems related to human and computer behaviour in recognition the aim of this book is not only to point out the state of the art and the frontiers in the field of handwriting recognition but also to stimulate research and ideas in the fields of

design and implementation of on line and off line systems that recognize isolated and connected handwritten characters words and signatures
