issues such as fake news internet addiction human animal relations intergroup conflict cyberbullying and politics up to date coverage of the impact of online communication and social media on social psychological phenomena a distinctive final chapter summarising key points of wisdom in social psychology and skills that students can gain from their studies accompanying online resources for this title can be found at bloomsburyonlineresources.com/socialpsychology2e these resources are designed to support teaching and learning when using this textbook and are available at no extra cost

conspiracy theories are inevitable in complex human societies and while they have always been with us their ubiquity in our political discourse is nearly unprecedented their salience has increased for a variety of reasons including the increasing access to information among ordinary people a pervasive sense of powerlessness among those same people and a widespread distrust of elites working in combination these factors and many other factors are now propelling conspiracy theories into our public sphere on a vast scale in recent years scholars have begun to study this genuinely important phenomenon in a concerted way in conspiracy theories and the people who believe them joseph e uscinski has gathered forty top researchers on the topic to provide both the foundational tools and the evidence to better understand conspiracy theories in the united states and around the world each chapter is informed by three core questions why do so many people believe in conspiracy theories what are the effects of such theories when they take hold in the public what can or should be done about the phenomenon combining systematic analysis and cutting edge empirical research this volume will help us better understand an extremely important yet relatively neglected phenomenon

provides a comprehensive guide to the history and current shape of conspiracy theories in american life including the findings of research seeking to understand their origins type function and widespread appeal this all in one resource provides an accessible overview of conspiracy theories past and present in all their many forms taking an even handed scholarly approach the book outlines the longer history of conspiracy theories starting with ancient greece and rome and continuing the story up to the present day including analysis of 9 11 anti vaccine covid and qanon theories it surveys an array of current books and articles to try to understand why people believe in and act on outlandish and evidence free conspiracy theories notably this resource also outlines the problems created by untrue conspiracy theories in terms of their negative impact on public debate trust in others and efforts to nurture an informed and educated citizenry instead many conspiracy claims have become sources of misinformation cynicism and polarization this book will benefit anyone who seeks a pathway through our current epistemic crisis in which the lines between fact and fiction and between truth and falsehood have become blurred

modern industrialized society chronically and pervasively objectifies the female body and many women have come to view themselves through the lens of an external observer habitually monitoring their own appearance whether in public or private settings given the negative effects associated with self objectification such as body shame appearance anxiety depression and disordered eating an empirically based approach to researching and counteracting self objectification is critical this book integrates recent research developments and current clinical knowledge on self objectification in women using barbara l fredrickson and tomi ann roberts objectification theory as a framework the contributors address various aspects of the theory including evidence for and causes of self objectification across the life span psychological consequences and associated mental health risks the book also discusses various scales for measuring self objectification as well as approaches to prevent and disrupt this phenomenon with research from a variety of disciplines psychology sociology anthropology women s studies and political science this book should be read by everyone interested in the well being of women publicity materials psycinfo database record c 2010 apa all rights reserved
