police work increases the risk of psychological work related injuries substantially as a result of repeated exposure to trauma police and first responders have more than twice the risk of developing posttraumatic stress disorder ptsd when compared to the general population we often hear of the impact of ptsd and depression on police officers health and overall functioning including on their work performance both ptsd and depression are part of operational stress injuries osi which describe any persistent psychological difficulty that results from operational or service related duties next to depression and ptsd osi includes anxiety disorders substance use disorders injury and pain sleep disturbances and other conditions that may interfere with daily functioning importantly factors frequently observed in police officers such as burnout moral injury and compassion fatigue present additional mental health issues further contribute to the maintenance and exacerbation of their psychological symptomatology thereby prolonging recovery and contributing to the chronicity of disability suffering and pain

data on nutritional status of human populations are periodically needed as well as their relationships with anthropometry body composition body image and energy expenditure and also with health lifestyle outcomes all these parameters contribute jointly to give a complete knowledge on dietary and lifestyle habits and hence how to proceed to improve it in order to enjoy an optimal healthy status so you are kindly invited to submit proposals for manuscripts that fit the objectives and the topics of this nutrients special issue the aim of this proposed nutrients special issue on anthropometry body composition and resting energy expenditure in humans is to publish selected papers detailing specific aspects of anthropometric body composition and energy expenditure data in human populations and their relationships with nutritional status as well as nutritional surveys and trials that examine measured differences or changes in these parameters are also cordially invited

gender inequality remains an issue of high relevance and controversy in society previous research shows that language contributes to gender inequality in various ways gender related information is transmitted through formal and semantic features of language such as the grammatical category of gender through gender related connotations of role names e g manager secretary and through customs of denoting social groups with derogatory vs neutral names both as a formal system and as a means of communication language passively reflects culture specific social conditions in active use it can also be used to

express and potentially perpetuate those conditions the questions addressed in the contributions to this frontiers special topic include how languages shape the cognitive representations of gender how features of languages correspond with gender equality in different societies how language contributes to social behaviour towards the sexes how gender equality can be promoted through strategies for gender fair language use these questions are explored both developmentally across the life span from childhood to old age and in adults the contributions present work conducted across a wide range of languages including some studies that make cross linguistic comparisons among the contributors are both cognitive and social psychologists and linguists all with an excellent research standing the studies employ a wide range of empirical methods from surveys to electro physiology the papers in the special topic present a wide range of complimentary studies which will make a substantial contribution to understanding in this important area

this book about women s political participation in the united states focuses on the effects of cultural change on gender roles and the impact of role perception on women s political attitudes and political behavior this book will be of interest to students of u s politics and women s studies pref

in the indian context

the political marginalization of women in the habe states of northern nigeria began with the introduction of islam in the 11th century and was virtually completed by the fulani conquest of the habe states in the 19th century calloway 1987 11 18 formal british rule imposed early in the 20th century reinforced this trend in southern nigeria by excluding women from many of their diverse and substantial political roles post independence nigerian governments have attempted to reverse this situation by including a limited number of women in government but this tokenism has neither met the need for sexual equality of representation in government nor ensured stability through a diversified distribution of power progressive but limited action is being taken as more serious thought is given to the problem of eliminating the gender biases of the nigerian political system
