the managers guide to getting control of your business guides business managers through systematic processes to achieve results the exercises included help the manager establish recognition by others as a pro active goal driven principle centered leader learn how to apply proven business principles to develop and implement appropriate strategies by completing the action items at the end of each chapter the manager will gain experience in executing a plan transition from a reactive to a pro active mode of behavior carve out time to focus on those issues that accomplish measurable results

this book is about overcoming the barriers to execution the barriers that frustrate managers the world over as they see their plans and strategies undermined by poor execution the author graham haines identifies 36 barriers to making it happen explains why they occur and what to do about them the book draws on the author s forty years of experience developing plans for others to implement and executing the plans of others barriers that are caused by inadequate planning lack of alignment inability to manage change and unenthusiastic employees are among those addressed the book is packed with case studies and anecdotes from all over the world of what to do and what not to do to achieve execution to die for comprehensive and wide ranging in its scope execution to die for is a must buy addition to any manager s toolkit haines on planning planning and execution are not separate activities the seeds of success in execution are sown the moment the planners sit down to plan haines on employee engagement i believe employee engagement to be a misnomer it should be employer engagement it s the role of managers to engage with their employees not the other way around haines on managing change it may seem an obvious

distinction but whereas planning is all about the analysis of environments markets products it functions and processes implementation is all about people haines on teams the primary benefit of teams is seen as enhanced organisational performance with the spin off being quality of individual work life haines on communication effective communication is the central nervous system of any organisation if it s damaged paralysis is the result

this management book focuses on the critical knowledge you ll need to become a great manager and leader it will guide you through your first days as a new manager hiring the right people maintaining positive discipline managing conflicts and understanding team dynamics you ll be introduced to the most common challenges that all managers must face so others will call you great

strategic planning deals with long term goals and objectives performance management focusing on the performance of an organization department process or employee is what makes strategic planning work neither can be done without the other but both must be adapted to the organization this volume is designed as a reference for those involved in the day to day challenge of performance management and measurement government managers will find ideas and practices that can be applied effectively in the federal environment

the volume seeks to make the international labour standards understandable to practising managers by explaining the meaning and aim of international labour conventions and recommendations in a number of fields it covers standards on the recognition of trade unions and other workers representatives and on dealing with them through collective bargaining and various forms of consultative and participatory machinery attention is also given to the standards which touch on the personnel function and on human resources management such as recruitment and selection training grievance procedures

this book is an ideal resource on the subject of systems practice for busy managers whose time is scarce it provides a rapid introduction to straightforward yet powerful ideas that enable users to address real world problems systems theory and practice is predominantly a framework for thinking about the world in which holistic views are maintained in this respect it contrasts with some familiar techniques of management science in which problem situations are broken down into their constituent parts with resultant loss of coherence

to succeed in today s hypercompetitive economy managers must master creating a productive work environment for employees while still making numbers tense overextended workplaces force managers to choose between results and relationships executives set aggressive goals so managers drive their teams to deliver resulting in burnout or employees seek connection and support so managers focus on relationships and fail to make the numbers however managers need to achieve both in winning well managers will learn how to stamp out the corrosive win at all

costs mentality focus on the game not just the score reinforce behaviors that produce results sustain energy and momentum be the leader people want to work for to prevent burnout and disengagement while still achieving the necessary success for the company managers must learn how to get their employees productive while creating an environment that makes them want to produce even more winning well offers a quick practical action plan for making the workplace productive rewarding and even fun

learn how to become a respected and impactful leader in just 90 days how do you run a big meeting help your employees meet their goals hire someone master these skills and more with this indispensable guide to the first 30 60 and 90 days in your new management role jump into the job with confidence as you navigate the dos and don ts of first time managers learn to communicate effectively delegate responsibilities clearly and build the 5 qualities all great bosses have take it step by step this book is broken down into 4 sections the basics of good management fostering trust with your colleagues implementing management strategies and adapting those strategies as the business evolves all forms of leadership expand your experience with techniques to help you address employee performance stay open to feedback manage stress and balance your team s different skills for the first 90 days and beyond real life examples see these tools in action with reassuring stories about other new managers and how they learned from their missteps and their wins dive into a 90 day plan for becoming the best boss you can be
