this book makes the bold attempt at proposing a new general theory of economic development the main premise is that economic institutions and policies must embody economic discrimination if there is to be any chance of real economic development by economic discrimination the author means treating differences differently by selecting and supporting economic entities and behaviour that contribute positively to the economy the book identifies markets government and corporations as the holy trinity of economic development that is the three most important institutions that must work together via economic discrimination to steer the economy towards real transformative progress the book also warns against the current trend of economic egalitarianism or not treating differences differently because it destroys economic incentives and results in an array of economic problems including growth stagnation

this text reviews the preventive diplomacy of the united nations suggesting that the security council is not well suited to the task what is needed it argues is a less political and more professional approach namely a larger and more autonomous role for the secretary general and the development of a greater specialist capacity within the secretariat the work gives appropriate weight to the importance of peace building both before and after conflict as an integral part of conflict prevention and the united nations role therein

real examples real companies real business decisions covering the core economics principles and providing engaging relevant examples within just nineteen chapters hubbard essentials of economics is the perfect teaching and learning resource for a one semester unit the authors present economics as a dynamic relevant discipline for australasian students the key questions students of first year economics ask themselves are why am i here and will i ever use this hubbard essentials of economics answers these questions by demonstrating that real businesses use economics to make real decisions every day each chapter of the text opens with a case study featuring a real business or real business situation refers to the study throughout the chapter

and concludes with an inside look a news article format which illustrates how a key principle covered in the chapter relates to real business situations or was used by a real company to make a real business decision

the political economy of middle east peace looks at the political economy of the middle eastern peace process with a focus on the politics of trade contributors investigate the ways new commercial alliances develop as a result of economic agencies established via the arab israeli peace process and look at institutions which contribute to redirection of arab intra and inter regional trade such as the palestine monetary authority the middle east development bank and free trade zone agencies in aquaba and dubai

featuring paired pro con pieces written specifically for this volume debating terrorism and counterterrorism conflicting perspectives on causes contexts and responses encourages students to grapple with the central debates surrounding the field of terrorism with topics ranging from the root causes of terrorism the role of religion in terrorism whether suicide terrorism is ever justified whether the spread of democracy can help defeat terrorism and what trade offs should exist between security and civil liberties gottlieb s outstanding cast of contributors returns compelling students to wrestle with the conflicting perspectives that define the field stuart gottlieb frames the paired essays with incisive headnotes providing historical context and preparing students to read each argument critically each selection has been updated to account for recent world events policy changes and new scholarship new to the reader and by reviewer request is a chapter can global institutions make a difference in fighting terrorism

this second edition of gary s becker s the economics of discrimination has been expanded to include three further discussions of the problem and an entirely new introduction which considers the contributions made by others in recent years and some of the more important problems remaining mr becker s work confronts the economic effects of discrimination in the market place because of race religion sex color social class personality or other non pecuniary considerations he demonstrates that discrimination in the market place by any group reduces their own real incomes as well as those of the minority the original edition of the economics of discrimination was warmly received by economists sociologists and psychologists alike for focusing

the discerning eye of economic analysis upon a vital social problem discrimination in the market place this is an unusual book not only is it filled with ingenious theorizing but the implications of the theory are boldly confronted with facts the intimate relation of the theory and observation has resulted in a book of great vitality on a subject whose interest and importance are obvious m w reder american economic review the author s solution to the problem of measuring the motive behind actual discrimination is something of a tour de force sociologists in the field of race relations will wish to read this book karl schuessler american sociological review

synopsis thoroughly classroom tested this introductory text provides a balanced up to date non mathematical examination of the economic theory underlying the analysis of inequality poverty mobility and income distribution in the united states

analyzes the problematic trends facing america s cities and older suburbs and challenges us to put america s urban crisis back on the national agenda

a former member of the civil rights division of the us department of justice established in 1957 explains the agency s role in combating institutionalized racism he discusses political realities national priorities the widening of the mandate weathering political shifts in washington conflicts between career civil servants and political appointees and other aspects he also analyzes the consequences of its litigation positions and considers whether the structure of enforcement should be changed annotation copyrighted by book news inc portland or

for the past twenty years this book has been distinguished by its relevant coverage tight organization multidisciplinary perspective and timeliness the ninth edition preserves these qualities while incorporating new reference material a three part organization covers the dimensions of poverty and inequality causes of poverty and policy options for social workers welfare professionals and job counselors

the 2nd edition of this introductory text covers several significant events such as the election of barack obama followed by donald trump the passage of the affordable care act and its likely repeal and the publication of thomas piketty s capital in the

21st century with an emphasis on data theory and policy this book tackles these issues

collection of essays examining labour market discrimination the impact of laws and policies the treatment of children compared to the elderly discrimination within the family the economic underclass and the treatment of minority members of society
