for most of human history sudden and unexpected deaths of a suspicious nature when they were investigated at all were examined by lay persons without any formal training people often got away with murder modern forensic investigation originates with frances glessner lee a pivotal figure in police science disturbing dioramas created by an american millionairess revolutionised the art of modern forensics daily telegraph frances glessner lee 1878 1962 born a socialite to a wealthy and influential chicago family was never meant to have a career let alone one steeped in death and depravity yet she became the mother of modern forensics and was instrumental in elevating homicide investigation to a scientific discipline frances glessner lee learned forensic science under the tutelage of pioneering medical examiner magrath he told her about his cases gave her access to the autopsy room to observe post mortems and taught her about poisons and patterns of injury a voracious reader too lee acquired and read books on criminology and forensic science eventually establishing the largest library of legal medicine lee went on to create the nutshell studies of unexplained death a series of dollhouse sized crime scene dioramas depicting the facts of actual cases in exquisitely detailed miniature and perhaps the thing she is most famous for celebrated by artists miniaturists and scientists the nutshell studies are a singularly unusual collection they were first used as a teaching tool in homicide seminars at harvard medical school in the 1930s and then in 1945 the homicide seminar for police detectives that is the longest running and still the highest regarded training of its kind in america both of which were established by the pioneering lee in unexplained deaths bruce goldfarb weaves lee s remarkable story with the advances in forensics made in her lifetime to tell the tale of the birth of modern forensics this ebook was originally published in 2020 under the title 18 tiny deaths

when an earthquake strikes san francisco forensics expert jessie teska faces her biggest threat yet in this explosive new mystery from the new york times bestselling duo there s a body crushed under a load of pipes on a san francisco construction site and medical examiner dr jessie teska is on call so it s her job to figure out who it is and her headache when the autopsy reveals that the death is a homicide staged as an accident jessie is hot on the murderer s trail then an earthquake sends her and her whole city reeling when the dust clears her case has fallen apart and an innocent man is being framed jessie knows she s the

only one who can prove it and she races to piece together the truth before it gets buried and brings her down in the rubble with melinek and mitchell s trademark blend of propulsive prose deft plotting and mordant humor this rollicking new installment in the jessie teska mystery series will shake you up and leave you rattled

a bustle most anticipated book of january 2020 scalpel sharp kathy reichs a young rookie medical examiner a suspicious case an underworld plot only she saw coming from the new york times bestselling authors of working stiff for san francisco s newest medical examiner dr jessie teska it was supposed to be a fresh start a new job in a new city a way to escape her own dark past instead she faces a chilling discovery when an opioid overdose case contains hints of something more sinister jessie s superiors urge her to close the case but as more bodies land on her autopsy table she uncovers a constellation of deaths that point to an elaborate plot involving drug dealers and bitcoin brokers drawing on her real life experiences as a forensics expert judy melinek teams up with husband t j mitchell to deliver the most exhilarating mystery of the year autopsy means see for yourself and jessie teska won t stop until she has seen it all even if it means that the next corpse on the table could be her own

under the public bodies reform programme the government is reducing the number of its arm s length bodies from 904 to between 632 and 642 by the end of the current spending review period and will have a substantial and lasting impact the programme is intended to improve accountability for functions currently carried out at arm s length from ministers the cabinet office says it is on track to make 2 6 billion of administrative savings by 2015 however there are substantial reservations about the robustness of this claim key concerns are that there is a risk departments are claiming savings which are actually cuts to services when they should be including only genuine savings arising from administrative reorganisations estimates of transition costs such as redundancy and pension costs are incomplete the savings estimate does not fully take account of the ongoing costs to other parts of government of taking on functions being transferred from abolished bodies and some departments have wrongly included wider savings from bodies being retained rather than just administrative savings from bodies being abolished or substantially reformed the cabinet office has accepted that its savings estimate needs to be reassessed and has undertaken to rebase it focus now needs to be on managing the programme effectively departments have decided on the form of individual reorganisations themselves without clear direction from the centre leading in some cases to inconsistent treatment of bodies with similar functions furthermore departments may not be getting the best value for money from the sale or transfer of assets of bodies being abolished
